

Cookie Policy of Front end website Workero

This document informs Users about the technologies that help Front end website Workero to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with Front end website Workero.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent, depending on the applicable law. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Front end website Workero uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of Front end website Workero and delivery of the Service

Front end website Workero uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Other activities involving the use of Trackers

Functionality

Front end website Workero uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Registration and authentication

By registering or authenticating, Users allow Front end website Workero to identify them and give them access to dedicated services.

Depending on what is described below, third parties may provide registration and authentication services. In this case, Front end website Workero will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Auth0 (Auth0, Inc)

Auth0 is a registration and authentication service provided by Auth0, Inc. To simplify the registration and authentication process, Auth0 can make use of third-party identity providers and save the information on its platform.

Personal Data processed: email address, first name, last name, password, picture, Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: European Union – [Privacy Policy](#).

Linkedin OAuth (LinkedIn Corporation)

Linkedin OAuth is a registration and authentication service provided by LinkedIn Corporation and is connected to the LinkedIn social network.

Personal Data processed: Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- JSESSIONID: duration of the session
- bcookie: 1 year
- bscookie: 1 year
- lang: duration of the session
- lissc: 1 year

Experience

Front end website Workero uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of Front end website Workero and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Maps widget (Google Ireland Limited)

Google Maps is a maps visualization service provided by Google Ireland Limited that allows Front end website Workero to incorporate content of this kind on its pages.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#).

Measurement

Front end website Workero uses Trackers to measure traffic and analyze User behavior to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Google Analytics (Google Ireland Limited)

Google Analytics is a web analysis service provided by Google Ireland Limited (“Google”). Google utilizes the Data collected to track and examine the use of Front end website Workero, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- AMP_TOKEN: 1 hour
- _ga: 2 years
- _gac*: 3 months
- _gat: 1 minute
- _gid: 1 day

Anonymized analytics services

The services contained in this section allow the Owner, through the use of third-party Trackers, to collect and manage analytics in an anonymized form.

Google Analytics with anonymized IP (Google Ireland Limited)

Google Analytics is a web analysis service provided by Google Ireland Limited (“Google”). Google utilizes the Data collected to track and examine the use of Front end website Workero, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network. This integration of Google Analytics anonymizes your IP address. It works by shortening Users' IP addresses within member states of the European Union or in other contracting states to the Agreement on the European Economic Area. Only in exceptional cases will the complete IP address be sent to a Google server and shortened within the US.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- AMP_TOKEN: 1 hour
- _ga: 2 years
- _gac*: 3 months
- _gat: 1 minute
- _gid: 1 day

Marketing

Front end website Workero uses Trackers to deliver personalized marketing content based on User behavior and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilized for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on Front end website Workero, possibly based on User interests. This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below. Some of the services listed below may use Trackers to identify Users or they may use the behavioral retargeting technique, i.e. displaying ads tailored to the User's interests and behavior, including those detected outside Front end website Workero. For more information, please check the privacy policies of the relevant services. Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Google Ad Manager (Google Ireland Limited)

Google Ad Manager is an advertising service provided by Google Ireland Limited that allows the Owner to run advertising campaigns in conjunction with external advertising networks that the Owner, unless otherwise specified in this document, has no direct relationship with.

In order to understand Google's use of Data, consult [Google's partner policy](#).

This service uses the "DoubleClick" Cookie, which tracks use of Front end website Workero and User behavior concerning ads, products and services offered.

Users may decide to disable all the DoubleClick Cookies by going to: [Google Ad Settings](#).

Personal Data processed: Trackers and Usage Data.

- `lms_ads`: 1 month
- `oribi_cookie_test`: duration of the session
- `oribi_session`: 2 hours
- `oribi_user_guid`: 7 months

User database management

This type of service allows the Owner to build user profiles by starting from an email address, a personal name, or other information that the User provides to Front end website Workero, as well as to track User activities through analytics features. This Personal Data may also be matched with publicly available information about the User (such as social networks' profiles) and used to build private profiles that the Owner can display and use for improving Front end website Workero. Some of these services may also enable the sending of timed messages to the User, such as emails based on specific actions performed on Front end website Workero.

Intercom (Intercom R&D Unlimited Company)

Intercom is a User database management service provided by Intercom R&D Unlimited Company. Intercom can also be used as a medium for communications, either through email, or through messages within Front end website Workero. Intercom Messenger may use Trackers to recognize and track Users behavior.

Personal Data processed: Data communicated while using the service, email address, Trackers, Universally unique identifier (UUID), Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#).

Storage duration:

- `intercom-id-*`: 10 months
- `intercom-session-*`: 7 days
- `intercom-test`: indefinite

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help Front end website Workero to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner and Data Controller

Workero NV
Avenue des Arts 56
1000 Brussels

Owner contact email: info@workero.com

Since the use of third-party Trackers through Front end website Workero cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by Front end website Workero.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through Front end website Workero (or third-party services employed in Front end website Workero), which can include: the IP addresses or domain names of the computers utilized by the Users who use Front end website Workero, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using Front end website Workero who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of Front end website Workero. The Data Controller, unless otherwise specified, is the Owner of Front end website Workero.

Front end website Workero (or this Application)

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by Front end website Workero as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to Front end website Workero, if not stated otherwise within this document.
