The European Commission adopts adequacy decisions for specific countries whenever it considers that country to possess and provide Personal Data protection standards comparable to those set forth by EU data protection legislation. Users can find an updated list of all adequacy decisions issued on the European Commission's website.

Users can find an updated list of all adequacy regulations on the website of the Information Commissioner's Office (ICO).

Data transfer abroad based on consent (UK)

If this is the condition for Data transfer, Personal Data of Users shall be transferred from the UK to third countries only if the User has explicitly consented to such transfer, after having been informed of the possible risks due to the absence of an adequacy decision and appropriate safeguards.

In such cases, the Owner shall inform Users appropriately and collect their explicit consent via this Application.
