Cookie Policy of valap

This document informs Users about the technologies that help valap to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with valap.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Valap uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

How valap uses Trackers

Necessary

Valap uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Technical Trackers

Trackers duration:

- valpTAntiCsrf: duration of the session
- ClientValap: duration of the session
- cfruid: duration of the session
- CLID: 13 months

- _cltk: duration of the session

iubenda Consent Database (iubenda srl)

The iubenda Consent Database allows to store and retrieve records of Users' consent to the processing of Personal Data, and information and preferences expressed in relation to the provided consent.

In order to do so, it makes use of a Tracker that temporarily stores pending information on the User's device until it is processed by the API. The Tracker (a browser feature called localStorage) is at that point deleted.

Personal Data processed: Data communicated while using the service, IP address and Trackers.

Place of processing: Italy – Privacy Policy.

Trackers duration:

- ConS JS library localStorage (IUB_DATA): indefinite
- cookie _iub_previous_preference_id: 2 years

iubenda Privacy Controls and Cookie Solution (iubenda srl)

The iubenda Privacy Controls and Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information, and in particular to the use of Cookies and other Trackers on valap.

Personal Data processed: IP address and Trackers.

Place of processing: Italy – Privacy Policy.

Trackers duration:

• _iub_cs-*: 1 year

Cloudflare (Cloudflare, Inc.)

Cloudflare is a traffic optimization and distribution service provided by Cloudflare Inc.

The way Cloudflare is integrated means that it filters all the traffic through valap, i.e., communication between valap and the User's browser, while also allowing analytical data from valap to be collected.

Personal Data processed: Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – Privacy Policy.

Trackers duration:

_cfuvid: indefinitecf_clearance: 30 minutes

App Store Connect (Apple Inc.)

Valap is distributed on Apple's App Store, a platform for the distribution of mobile apps, provided by Apple Inc.

App Store Connect enables the Owner to manage valap on Apple's App Store. Depending on the configuration, App Store Connect provides the Owner with analytics data on user engagement and app discovery, marketing campaigns, sales, in-app purchases, and payments to measure the performance of valap. App Store Connect only collects such data from Users who have agreed to share them with the Owner. Users may find more information on how to opt out via their device settings here.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – Privacy Policy.

Other Trackers

PayZen (Lyra SAS)

PayZen is a payment service provided by Lyra SAS, which allows the User to make online payments.

Personal Data processed: surname; purchase history; email; billing address; payment information; name; Tracking Tools; various types of Data as specified in the privacy policy of the service.

Place of processing: See PayZen's privacy policy - Privacy Policy.

Functionality

Valap uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Trackers managed by third parties

Facebook Oauth (Meta Platforms Ireland Limited)

Facebook Oauth is a registration and authentication service provided by Meta Platforms Ireland Limited and is connected to the Facebook social network.

Personal Data processed: Trackers and various types of Data.

Place of processing: Ireland – Privacy Policy.

Trackers duration:

• _fbp: 3 months

• lastExternalReferrer: duration of the session

Experience

Valap uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Trackers managed by third parties

Google Fonts (Google Ireland Limited)

Google Fonts is a typeface visualization service provided by Google Ireland Limited that allows valap to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – <u>Privacy Policy</u>.

Measurement

Valap uses Trackers to measure traffic and analyze User behavior to improve the Service.

Trackers managed by third parties

Meta Events Manager (Meta Platforms Ireland Limited)

Meta Events Manager is an analytics service provided by Meta Platforms Ireland Limited. By integrating the Meta pixel, Meta Events Manager can give the Owner insights into the traffic and interactions on valap.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – <u>Privacy Policy</u> – <u>Opt out</u>.

Trackers duration:

- fbp: 3 months
- lastExternalReferrer: duration of the session
- lastExternalReferrerTime: duration of the session

Google Analytics 4 (Google Ireland Limited)

Google Analytics 4 is a web analysis service provided by Google Ireland Limited ("Google"). Google utilizes the Data collected to track and examine the use of valap, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network. In Google Analytics 4, IP addresses are used at collection time and then discarded before Data is logged in any data center or server. Users can learn more by consulting Google's official documentation.

In order to understand Google's use of Data, consult Google's partner policy.

Personal Data processed: number of Users, session statistics, Trackers and Usage Data.

Place of processing: Ireland – Privacy Policy – Opt Out.

Trackers duration:

- _ga: 2 years_ga_*: 2 years
- Crazy Egg (Crazyegg)

Crazy Egg is a heat mapping service provided by Crazy Egg, Inc.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States - Privacy Policy.

Marketing

Valap uses Trackers to deliver personalized ads or marketing content, and to measure their performance.

Trackers managed by third parties

Criteo (Criteo SA)

Criteo is an advertising service provided by Criteo SA.

As part of the operation of valap, the Owner and Criteo SA are joint controllers for the Criteo advertising service.

For this purpose, the Owner has entered into a Data Processing Agreement (DPA) with Criteo SA which can be reviewed here.

Users may at any time **withdraw their consent** to the processing of their Personal Data by Criteo and **opt out of personalized advertising by clicking the "Disable Criteo services"** button in Criteo's <u>privacy policy</u>.

Personal Data processed: Trackers and Usage Data.

Place of processing: France – <u>Privacy Policy</u> – <u>Opt Out</u>.

Trackers duration:

How to manage preferences and provide or withdraw consent on valap

Whenever the use of Trackers is based on consent, users can provide or withdraw such consent by setting or updating their preferences via the relevant privacy choices panel available on valap.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

How to control or delete Cookies and similar technologies via your device settings

Users may use their own browser settings to:

- See what Cookies or other similar technologies have been set on the device;
- Block Cookies or similar technologies;
- Clear Cookies or similar technologies from the browser.

The browser settings, however, do not allow granular control of consent by category.

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- Google Chrome
- Mozilla Firefox
- Apple Safari
- Microsoft Internet Explorer
- Microsoft Edge
- Brave
- Opera

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by <u>YourOnlineChoices</u> (EU and UK), the <u>Network Advertising Initiative</u> (US) and the <u>Digital Advertising Alliance</u> (US), <u>DAAC</u> (Canada), <u>DDAI</u> (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called <u>AppChoices</u> that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help valap to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner and Data Controller

VenteALaPropriete.com S.A.S.

246 route des Allogneraies 71850 Charnay lès Mâcon - France

Owner contact email: contact@valap.com

Since the use of third-party Trackers through valap cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by valap.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through valap (or third-party services employed in valap), which can include: the IP addresses or domain names of the computers utilized by the Users who use valap, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using valap who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of valap. The Data Controller, unless otherwise specified, is the Owner of valap.

valap (or this Application)

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by valap as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to valap, if not stated otherwise within this document.

Latest update: September 18, 2024
