

Cookie Policy of Status Raptor by Input Objects GmbH

This document informs Users about the technologies that help Status Raptor by Input Objects GmbH to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with Status Raptor by Input Objects GmbH.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Status Raptor by Input Objects GmbH only uses Trackers managed directly by the Owner (so-called "first-party" Trackers). The validity and expiration periods of first-party Cookies and other similar Trackers may vary depending on the lifetime set by the Owner. Some of them expire upon termination of the User's browsing session.

How Status Raptor by Input Objects GmbH uses Trackers

Necessary

Status Raptor by Input Objects GmbH uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Owner and Data Controller

Input Objects GmbH

Scharnhorststraße 24

10115 Berlin

Germany

contact: privacy@inputobjects.eu

Owner contact email: contact@inputobjects.eu

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by Status Raptor by Input Objects GmbH.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through Status Raptor by Input Objects GmbH (or third-party services employed in Status Raptor by Input Objects GmbH), which can include: the IP addresses or domain names of the computers utilized by the Users who use Status Raptor by Input Objects GmbH, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using Status Raptor by Input Objects GmbH who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of Status Raptor by Input Objects GmbH. The Data Controller, unless otherwise specified, is the Owner of Status Raptor by Input Objects GmbH.

Status Raptor by Input Objects GmbH (or this Application)

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by Status Raptor by Input Objects GmbH as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This policy relates solely to Status Raptor by Input Objects GmbH, if not stated otherwise within this document.
