This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.
The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.
In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Other activities involving the use of Trackers

Functionality

This Application uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Interaction with live chat platforms

This type of service allows Users to interact with third-party live chat platforms directly from the pages of this Application, for contacting and being contacted by this Application support service.
If one of these services is installed, it may collect browsing and Usage Data in the pages where it is installed, even if the Users do not actively use the service. Moreover, live chat conversations may be logged.

Tawk.to Widget (tawk.to ltd.)

The Tawk.to Widget is a service for interacting with the Tawk.to live chat platform provided by tawk.to ltd.

Marketing

This Application uses Trackers to deliver personalized marketing content based on User behavior and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilized for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests.
This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.
Some of the services listed below may use Trackers to identify Users or they may use the behavioral retargeting technique, i.e. displaying ads tailored to the User's interests and behavior, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.
Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Facebook Lookalike Audience (Facebook, Inc.)

Facebook Lookalike Audience is an advertising and behavioral targeting service provided by Facebook, Inc. that uses Data collected through Facebook Custom Audience in order to display ads to Users with similar behavior to Users who are already in a Custom Audience list on the base of their past use of this Application or engagement with relevant content across the Facebook apps and services.
On the base of these Data, personalized ads will be shown to Users suggested by Facebook Lookalike Audience.

Users can opt out of Facebook's use of cookies for ads personalization by visiting this opt-out page.

Personal Data processed: Cookies and Usage Data.

Place of processing: United States – Privacy Policy – Opt Out.

Storage duration:

- _fbp: 3 months

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.
These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

OneSignal (Lilomi, Inc.)

OneSignal is a message sending service provided by Lilomi, Inc.

OneSignal allows the Owner to send messages and notifications to Users across platforms such as Android, iOS, and the web. Messages can be sent to single devices, groups of devices, or specific topics or User segments. Depending on the permissions granted to this Application, the Data collected may also include precise location (i.e. GPS-level data) or WiFi information, apps installed and enabled on the User's device. This Application uses identifiers for mobile devices (including Android Advertising ID or Advertising Identifier for iOS, respectively) and technologies similar to cookies to run the OneSignal service.

The Data collected may be used by the service provider for interest-based advertising, analytics and market research. In order to understand OneSignal's use of Data, consult [OneSignal's privacy policy](#).

Push notifications opt-out
Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then changing those settings for some or all of the apps on the particular device.

Interest-based advertising opt-out
Users may opt-out of OneSignal advertising features through applicable device settings, such as the device advertising settings for mobile phones. Different device configurations, or updates to devices, may affect or change how these indicated settings work.

Personal Data processed: Cookies, email address, geographic position, language, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example), Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#) – [Opt out](#).

Remarketing and behavioral targeting

This type of service allows this Application and its partners to inform, optimize and serve advertising based on past use of this Application by the User.
This activity is facilitated by tracking Usage Data and by using Trackers to collect information which is then transferred to the partners that manage the remarketing and behavioral targeting activity.
Some services offer a remarketing option based on email address lists.
In addition to any opt-out feature provided by any of the services below, Users may opt out by visiting the [Network Advertising Initiative opt-out page](#).

Users may also opt-out of certain advertising features through applicable device settings, such as the device advertising settings for mobile phones or ads settings in general.

Facebook Custom Audience (Facebook, Inc.)

Facebook Custom Audience is a remarketing and behavioral targeting service provided by Facebook, Inc. that connects the activity of this Application with the Facebook advertising network.

Users can opt out of Facebook's use of cookies for ads personalization by visiting this [opt-out page](#).

Personal Data processed: Cookies and email address.

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.
