

Privacy Policy of BeePro

This Application collects some Personal Data from its Users.

This document can be printed for reference by using the print command in the settings of any browser.

Owner and Data Controller

Crimson Tide mpro Limited, Brockbourne House, 77 Mt Ephraim, Tunbridge Wells, Kent, TN4 8BS

Owner contact email: privacy@beepro.com

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Trackers; Usage Data; User ID; various types of Data; payment info; username; purchase history; Read metadata; Modify; Compose; first name; last name; email address; Data communicated while using the service.

Complete details on each type of Personal Data collected are provided in the dedicated sections of this privacy policy or by specific explanation texts displayed prior to the Data collection. Personal Data may be freely provided by the User, or, in case of Usage Data, collected automatically when using this Application. Unless specified otherwise, all Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without consequences to the availability or the functioning of the Service.

Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Any use of Cookies – or of other tracking tools — by this Application or by the owners of third-party services used by this Application serves the purpose of providing the Service required by the User, in addition to any other purposes described in the present document.

Users are responsible for any third-party Personal Data obtained, published or shared through this Application.

Mode and place of processing the Data

Methods of processing

The Owner takes appropriate security measures to prevent unauthorised access, disclosure, modification, or unauthorised destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organisational procedures and modes strictly related to the purposes indicated. In addition to the Owner, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of this Application (administration, sales, marketing, legal, system administration) or external parties (such as third-party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Owner at any time.

Place

The Data is processed at the Owner's operating offices and in any other places where the parties involved in the processing are located.

Depending on the User's location, data transfers may involve transferring the User's Data to a country other than their own. To find out more about the place of processing of such transferred Data, Users can check the section containing details about the processing of Personal Data.

Retention time

Personal Data shall be processed and stored for as long as required by the purpose they have been collected for.

The purposes of processing

The Data concerning the User is collected to allow the Owner to provide its Service, comply with its legal obligations, respond to enforcement requests, protect its rights and interests (or those of its Users or third parties), detect any malicious or fraudulent activity, as well as the following: Hosting and backend infrastructure, Analytics, Handling payments, Platform services and hosting, Registration and authentication, Handling activities related to productivity, Access to third-party accounts, Tag Management and Managing contacts and sending messages.

For specific information about the Personal Data used for each purpose, the User may refer to the section “Detailed information on the processing of Personal Data”.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Access to third-party accounts

This type of service allows this Application to access Data from your account on a third-party service and perform actions with it. These services are not activated automatically, but require explicit authorisation by the User.

Stripe account access

This service allows this Application to connect with the User's account on Stripe, provided by Stripe, Inc.

Personal Data processed: Data communicated while using the service; payment info.

Place of processing: United Kingdom – [Privacy Policy](#); European Union .

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Appsflyer (AppsFlyer Ltd)

Appsflyer is an analytics service provided by AppsFlyer Ltd.

Personal Data processed: Trackers; Usage Data.

Place of processing: Israel – [Privacy Policy](#) – [Opt Out](#).

Handling activities related to productivity

This type of service helps the Owner to manage tasks, collaboration and, in general, activities related to productivity. In using this type of service, Data of Users will be processed and may be retained, depending on the purpose of the activity in question. These services may be integrated with a wide range of third-party services disclosed within this privacy policy to enable the Owner to import or export Data needed for the relative activity.

Gmail (Google Ireland Limited)

Gmail is a service that manages email communication provided by Google Ireland Limited. Such email communication is not scanned by Google for advertising purposes. In addition, Google does not collect or use data inside this service for advertising purposes in any other way.

Personal Data processed: email address; first name; last name; username.

Place of processing: Ireland – [Privacy Policy](#).

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

RevenueCat (RevenueCat, Inc.)

RevenueCat is a payment service provided by RevenueCat, Inc. The service allows the Owner to monitor and analyse the User and their purchase history and can be used to keep track of User behaviour.

Personal Data processed: User ID.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#).

Payments processed via the Apple App Store (Apple Inc.)

This Application uses a payment service provided by Apple Inc. that allows the Owner to offer the purchase of the app itself or in-app purchases.

Personal Data processed to complete the purchases are processed by Apple, as described in the [privacy policy for the App Store](#).

Personal Data processed: payment info; purchase history; username.

Place of processing: United States – [Privacy Policy](#).

Stripe

Stripe is a payment service provided by Stripe Technology Europe Ltd or by Stripe Payments Ltd, depending on how the Owner manages the Data processing.

Personal Data processed: email address; payment info.

Place of processing: Ireland – [Privacy Policy](#); United Kingdom – [Privacy Policy](#).

Hosting and backend infrastructure

This type of service has the purpose of hosting Data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application.

Some services among those listed below, if any, may work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Amazon Web Services (AWS) (Amazon Web Services, Inc.)

Amazon Web Services (AWS) is a hosting and backend service provided by Amazon Web Services, Inc.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: United Kingdom – [Privacy Policy](#).

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Customer.io (Peaberry Software Inc.)

Customer.io is an email address management and message sending service provided by Peaberry Software Inc.

Personal Data processed: email address; Trackers; Usage Data.

Place of processing: United States – [Privacy Policy](#).

Platform services and hosting

These services have the purpose of hosting and running key components of this Application, therefore allowing the provision of this Application from within a unified platform. Such platforms provide a wide range of tools to the Owner – e.g. analytics, user registration, commenting, database management, e-commerce, payment processing – that imply the collection and handling of Personal Data.

Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Google Play Store (Google Ireland Limited)

This Application is distributed on the Google Play Store, a platform for the distribution of mobile apps, provided by Google Ireland Limited.

By virtue of being distributed via this app store, Google collects usage and diagnostics data and share aggregate information with the Owner. Much of this information is processed on an opt-in basis.

Users may opt-out of this analytics feature directly through their device settings. More information on how to manage analysis settings can be found on [this page](#).

Personal Data processed: Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Google OAuth (Google Ireland Limited)

Google OAuth is a registration and authentication service provided by Google Ireland Limited and is connected to the Google network.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#).

Gmail permissions to access User Data (OAuth addition) (Google Ireland Limited)

To provide its service, this Application uses restricted scopes for Gmail which allow access to User Data related to this Google service (as indicated below). This access is provided by Google Ireland Limited [under strict terms](#). Here's what this means for such User Data:

- The use of User Data is limited to providing or improving User-facing features. User Data will not be used for serving ads, including retargeting, personalised, or interest-based advertising.
- User Data will be transferred to third parties only if necessary, to provide or improve User-facing features and as necessary to comply with applicable law or as part of a merger, acquisition, or sale of assets with notice to Users.
- Humans will not read the Data unless:
 - the Owner has obtained the User's affirmative agreement for specific messages;
 - it is necessary for security purposes and/or to comply with applicable law, or;
 - the use is limited to internal operations and the Data (including derivations) have been aggregated and anonymised.

Personal Data processed: Compose; Modify; Read metadata.

Place of processing: Ireland – [Privacy Policy](#).

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on this Application in a centralised fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Segment (Twilio, Inc.)

Segment is a tag management service provided by Twilio, Inc.

Personal Data processed: Trackers; Usage Data.

Place of processing: United States – [Privacy Policy](#).

Information on opting out of interest-based advertising

In addition to any opt-out feature provided by any of the services listed in this document, Users may follow the instructions provided by [YourOnlineChoices](#) (EU), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar initiatives. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Users may also opt out of certain advertising features through applicable device settings, such as the device advertising settings for mobile phones or ads settings in general.

Further information about the processing of Personal Data

Equal protection of User Data

This Application shares User Data only with third parties carefully selected to ensure that they provide the same or equal protection of User Data as stated in this privacy policy and requested by applicable data protection laws. Further information on data processing and privacy practices by third parties can be found in their respective privacy policies.

Further Information for Users

Legal basis of processing

The Owner may process Personal Data relating to Users if one of the following applies:

- Users have given their consent for one or more specific purposes.
- provision of Data is necessary for the performance of an agreement with the User and/or for any pre-contractual obligations thereof;
- processing is necessary for compliance with a legal obligation to which the Owner is subject;
- processing is related to a task that is carried out in the public interest or in the exercise of official authority vested in the Owner;
- processing is necessary for the purposes of the legitimate interests pursued by the Owner or by a third party.

In any case, the Owner will gladly help to clarify the specific legal basis that applies to the processing, and in particular whether the provision of Personal Data is a statutory or contractual requirement, or a requirement necessary to enter into a contract.

Further information about retention time

Personal Data shall be processed and stored for as long as required by the purpose they have been collected for.

Therefore:

- Personal Data collected for purposes related to the performance of a contract between the Owner and the User shall be retained until such contract has been fully performed.
- Personal Data collected for the purposes of the Owner's legitimate interests shall be retained as long as needed to fulfill such purposes. Users may find specific information regarding the legitimate interests pursued by the Owner within the relevant sections of this document or by contacting the Owner.

The Owner may be allowed to retain Personal Data for a longer period whenever the User has given consent to such processing, as long as such consent is not withdrawn. Furthermore, the Owner may be obliged to retain Personal Data for a longer period whenever required to fulfil a legal obligation or upon order of an authority.

Once the retention period expires, Personal Data shall be deleted. Therefore, the right of access, the right to erasure, the right to rectification and the right to data portability cannot be enforced after expiration of the retention period.

The rights of Users based on the General Data Protection Regulation (GDPR)

Users may exercise certain rights regarding their Data processed by the Owner.

In particular, Users have the right to do the following, to the extent permitted by law:

- **Withdraw their consent at any time.** Users have the right to withdraw consent where they have previously given their consent to the processing of their Personal Data.
- **Object to processing of their Data.** Users have the right to object to the processing of their Data if the processing is carried out on a legal basis other than consent.

- **Access their Data.** Users have the right to learn if Data is being processed by the Owner, obtain disclosure regarding certain aspects of the processing and obtain a copy of the Data undergoing processing.
- **Verify and seek rectification.** Users have the right to verify the accuracy of their Data and ask for it to be updated or corrected.
- **Restrict the processing of their Data.** Users have the right to restrict the processing of their Data. In this case, the Owner will not process their Data for any purpose other than storing it.
- **Have their Personal Data deleted or otherwise removed.** Users have the right to obtain the erasure of their Data from the Owner.
- **Receive their Data and have it transferred to another controller.** Users have the right to receive their Data in a structured, commonly used and machine readable format and, if technically feasible, to have it transmitted to another controller without any hindrance.
- **Lodge a complaint.** Users have the right to bring a claim before their competent data protection authority.

Users are also entitled to learn about the legal basis of Data transfers to a country outside the European Union or to any international organisation governed by public international law or set up by two or more countries, such as the UN, and about the security measures taken by the Owner to safeguard their Data.

If any such transfer takes place, Users can find out more by checking the relevant sections of this document or enquire with the Owner using the information provided in the contact section.

Details about the right to object to processing

Where Personal Data is processed for a public interest, in the exercise of an official authority vested in the Owner or for the purposes of the legitimate interests pursued by the Owner, Users may object to such processing by providing a ground related to their particular situation to justify the objection.

Users must know that, however, should their Personal Data be processed for direct marketing purposes, they can object to that processing at any time, free of charge and without providing any justification. Where the User objects to processing for direct marketing purposes, the Personal Data will no longer be processed for such purposes. To learn whether the Owner is processing Personal Data for direct marketing purposes, Users may refer to the relevant sections of this document.

How to exercise these rights

Any requests to exercise User rights can be directed to the Owner through the contact details provided in this document. Such requests are free of charge and will be answered by the Owner as early as possible and always within one month, providing Users with the information required by law. Any rectification or erasure of Personal Data or restriction of processing will be communicated by the Owner to each recipient, if any, to whom the Personal Data has been disclosed unless this proves impossible or involves disproportionate effort. At the Users' request, the Owner will inform them about those recipients.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Owner in Court or in the stages leading to possible legal action arising from improper use of this Application or the related Services.

The User declares to be aware that the Owner may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular Services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third-party services may collect files that record interaction with this Application (System logs) or use other Personal Data (such as the IP Address) for this purpose.

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Owner at any time. Please see the contact information at the beginning of this document.

Changes to this privacy policy

The Owner reserves the right to make changes to this privacy policy at any time by notifying its Users on this page and possibly within this Application and/or - as far as technically and legally feasible - sending a notice to Users via any contact information available to the Owner. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom.

Should the changes affect processing activities performed on the basis of the User's consent, the Owner shall collect new consent from the User, where required.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilised by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Read metadata

Read resources metadata including labels, history records, and email message headers, but not the message body or attachments.

Modify

All read/write operations except immediate, permanent deletion of threads and messages, bypassing Trash.

Compose

Create, read, update, and delete drafts. Send messages and drafts.

Legal information

This privacy policy relates solely to this Application, if not stated otherwise within this document.

Latest update: 21 October 2024
