Data transfer abroad based on consent

If this is the legal basis, Personal Data of Users shall be transferred from the EU to third countries only if the User has explicitly consented to such transfer, after having been informed of the possible risks due to the absence of an adequacy decision and appropriate safeguards.

In such cases, the Owner shall inform Users appropriately and collect their explicit consent via this Website.

Data transfer abroad based on standard contractual clauses

If this is the legal basis, the transfer of Personal Data from the EU to third countries is carried out by the Owner according to "standard contractual clauses" provided by the European Commission.

This means that Data recipients have committed to process Personal Data in compliance with the data protection standards set forth by EU data protection legislation. For further information, Users are requested to contact the Owner through the contact details provided in the present document.

Data transfer to countries that guarantee European standards

If this is the legal basis, the transfer of Personal Data from the EU to third countries is carried out according to an adequacy decision of the European Commission.

The European Commission adopts adequacy decisions for specific countries whenever it considers that country to possess and provide Personal Data protection standards comparable to those set forth by EU data protection legislation. Users can find an updated list of all adequacy decisions issued on the European Commission's website.

Other legal basis for Data transfer abroad

If no other legal basis applies, Personal Data shall be transferred from the EU to third countries only if at least one of the following conditions is met:

- the transfer is necessary for the performance of a contract between the User and the Owner or of pre-contractual measures taken at the User's request;
- the transfer is necessary for the conclusion or performance of a contract concluded in the interest of the User between the Owner and another natural or legal person;
- the transfer is necessary for important reasons of public interest;
- the transfer is necessary for establishment, exercise or defence of legal claims;
- the transfer is necessary in order to protect the vital interests of the data subject or of other persons, where the data subject is physically or legally incapable of giving consent. In such cases, the Owner shall inform the User about the legal bases the transfer is based on via this Website.
