This document informs Users about the technologies that help Iterpro Sports Intelligence to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with Iterpro Sports Intelligence.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Iterpro Sports Intelligence uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

How Iterpro Sports Intelligence uses Trackers

Necessary

Iterpro Sports Intelligence uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Marketing

Iterpro Sports Intelligence uses Trackers to deliver personalised ads or marketing content, and to measure their performance.

Trackers managed by third parties

OneSignal (Lilomi, Inc.)

OneSignal is a message sending service provided by Lilomi, Inc.

OneSignal allows the Owner to send messages and notifications to Users across platforms such as Android, iOS, and the web. Messages can be sent to single devices, groups of devices, or specific topics or User segments. Depending on the permissions granted to Iterpro Sports Intelligence, the Data collected may also include precise location (i.e. GPS-level data) or WiFi information, apps installed and enabled on the User's device. Iterpro Sports Intelligence uses identifiers for mobile devices (including Android Advertising ID or Advertising Identifier for iOS, respectively) and technologies similar to cookies to run the OneSignal service.

The Data collected may be used by the service provider for interest-based advertising, analytics and market research. In order to understand OneSignal's use of Data, consult [OneSignal's privacy policy](#).

Push notifications opt-out

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then changing those settings for some or all of the apps on the particular device.

Interest-based advertising opt-out

Users may opt-out of OneSignal advertising features through applicable device settings, such as the device advertising settings for mobile phones. Different device configurations, or updates to devices, may affect or change how these indicated settings work.

Personal Data processed: email address, geographic position, language, Trackers, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example), Usage Data and various types of Data as specified in the privacy policy of the service.

Trackers duration:

- ONESIGNAL_HTTP_PROMPT_SHOWN: indefinite
- ONE_SIGNAL_SDK_DB:Ids: duration of the session
- ONE_SIGNAL_SDK_DB:Options: duration of the session
- isPushNotificationsEnabled: duration of the session
- onesignal-pageview-count: indefinite
- os_pageViews: duration of the session

Sendgrid (Sendgrid)

Sendgrid is an email address management and message sending service provided by Sendgrid Inc.

Personal Data processed: email address and Trackers.

Place of processing: United States – [Privacy Policy](#).

How to manage preferences and provide or withdraw consent on Iterpro Sports Intelligence

Whenever the use of Trackers is based on consent, users can provide or withdraw such consent by setting or updating their preferences via the relevant privacy choices panel available on Iterpro Sports Intelligence.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

How to control or delete Cookies and similar technologies via your device settings

Users may use their own browser settings to:

- See what Cookies or other similar technologies have been set on the device;
- Block Cookies or similar technologies;
- Clear Cookies or similar technologies from the browser.

The browser settings, however, do not allow granular control of consent by category.

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying consent

Users are free to decide whether or not to grant consent. However, please note that Trackers help Iterpro Sports Intelligence to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, in the absence of the User's consent, the Owner may be unable to provide related features.

Owner and Data Controller

Iterpro Group International Limited,
72 Spitfire road, Southam, CV47 1AD, United Kingdom

Owner contact email: administration@iterpro.com

Since the use of third-party Trackers through Iterpro Sports Intelligence cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by Iterpro Sports Intelligence.
