

Cookie Policy of dicasainsicilia.eu

This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Third-party Trackers

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on this Application in a centralised fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Google Tag Manager (Google Ireland Limited)

Google Tag Manager is a tag management service provided by Google Ireland Limited.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#).

Traffic optimisation and distribution

This type of service allows this Application to distribute their content using servers located across different countries and to optimise their performance.

Which Personal Data are processed depends on the characteristics and the way these services are implemented. Their function is to filter communications between this Application and the User's browser.

Considering the widespread distribution of this system, it is difficult to determine the locations to which the contents that may contain Personal Information of the User are transferred.

Cloudflare (Cloudflare Inc.)

Cloudflare is a traffic optimisation and distribution service provided by Cloudflare Inc.

The way Cloudflare is integrated means that it filters all the traffic through this Application, i.e., communication between this Application and the User's browser, while also allowing analytical data from this Application to be collected.

Personal Data processed: Trackers.

Marketing

This Application uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilised for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.

Some of the services listed below may use Trackers to identify Users or they may use the behavioural retargeting technique, i.e. displaying ads tailored to the User’s interests and behaviour, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.

Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.
