Cookie Policy of Vimar

This document informs Users about the technologies that help Vimar to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with Vimar.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Vimar uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.
The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.
In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of Vimar and delivery of the Service

Vimar uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Third-party Trackers

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on Vimar in a centralised fashion.
This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Google Tag Manager (Google Ireland Limited)

Google Tag Manager is a tag management service provided by Google Ireland Limited.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#).

Other activities involving the use of Trackers

Functionality

Vimar uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Contacting the User

Contact form (Vimar)

By filling in the contact form with their Data, the User authorises Vimar to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data processed: Trackers.

Experience

Vimar uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of Vimar and interact with them.
This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Fonts (Google Ireland Limited)

Google Fonts is a typeface visualisation service provided by Google Ireland Limited that allows Vimar to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Interaction with online survey platforms

This type of service allows Users to interact with third-party online survey platforms directly from the pages of Vimar.
If one of these services is installed, it may collect browsing and Usage Data in the pages where it is installed, even if the Users do not actively use the service.

Hotjar Poll & Survey widgets (Hotjar Ltd.)

The Hotjar Poll & Survey widgets are services that enable interaction with the Hotjar platform provided by Hotjar Ltd.
Hotjar honours generic „Do Not Track" headers. This means the browser can tell its script not to collect any of the User's data. This is a setting that is available in all major browsers. Find Hotjar's [opt-out information here](#).

Personal Data processed: Trackers, Usage Data and various types of Data.

Place of processing: Malta – [Privacy Policy](#) – [Opt Out](#).

Measurement

Vimar uses Trackers to measure traffic and analyse User behaviour to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Google Analytics 4 (Google Ireland Limited)

Google Analytics 4 is a web analysis service provided by Google Ireland Limited ("Google"). Google utilizes the Data collected to track and examine the use of Vimar, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

In Google Analytics 4, IP addresses are used at collection time and then discarded before Data is logged in any data center or server. Users can learn more by consulting [Google's official documentation](#).

Personal Data processed: number of Users, session statistics, Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- _ga: 2 years
- _ga_*: 2 years

Google Analytics Advertising Reporting Features (Google Ireland Limited)

Google Analytics on Vimar has Advertising Reporting Features activated, which collects additional information from the DoubleClick cookie (web activity) and from device advertising IDs (app activity). It allows the Owner to analyse specific behaviour and interests Data (traffic Data and Users' ads interaction Data) and, if enabled, demographic Data (information about the age and gender).

Users can opt out of Google's use of cookies by visiting Google's [Ads Settings](#).

Personal Data processed: Trackers, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- IDE: 2 years
- _gcl_*: 3 months
- test_cookie: 15 minutes

Outbrain conversion tracking (Outbrain pixel) (Outbrain Inc.)

Outbrain conversion tracking (Outbrain pixel) is an analytics service provided by Outbrain Inc. that connects data from the Outbrain advertising network with actions performed on Vimar.

Personal Data processed: device information, Trackers, Universally unique identifier (UUID) and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Google Analytics Demographics and Interests reports (Google Ireland Limited)

Google Analytics Demographics and Interests reports is a Google Advertising Reporting feature that makes available demographic and interests Data inside Google Analytics for Vimar (demographics means age and gender Data).

Users can opt out of Google's use of cookies by visiting Google's [Ads Settings](#).

Personal Data processed: Trackers and unique device identifiers for advertising (Google Advertiser ID or IDFA, for example).

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- IDE: 2 years
- _gcl_*: 3 months
- test_cookie: 15 minutes

Meta ads conversion tracking (Meta pixel) (Meta Platforms Ireland Limited)

Meta ads conversion tracking (Meta pixel) is an analytics service provided by Meta Platforms Ireland Limited that connects data from the Meta Audience Network with actions performed on Vimar. The Meta pixel tracks conversions that can be attributed to ads on Facebook, Instagram and Meta Audience Network.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months
- fr: 3 months

Google Ads conversion tracking (Google Ireland Limited)

Google Ads conversion tracking is an analytics service provided by Google Ireland Limited that connects data from the Google Ads advertising network with actions performed on Vimar.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Storage duration:

- IDE: 2 years
- test_cookie: 15 minutes

Meta Events Manager (Meta Platforms Ireland Limited)

Meta Events Manager is an analytics service provided by Meta Platforms Ireland Limited. By integrating the Meta pixel, Meta Events Manager can give the Owner insights into the traffic and interactions on Vimar.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months

TikTok conversion tracking (TikTok Inc.)

TikTok conversion tracking is an analytics and behavioural targeting service provided by TikTok Inc. that connects data from the TikTok advertising network with actions performed on Vimar. The TikTok pixel tracks conversions that can be attributed to TikTok ads and enables to target groups of Users on the base of their past use of Vimar.

Personal Data processed: Trackers.

Place of processing: United States – [Privacy Policy](#).

Pinterest Conversion Tag (Pinterest, Inc.)

Pinterest Conversion Tag is an analytics service provided by Pinterest, Inc. that connects data from the Pinterest advertising network with actions performed on Vimar.

Users may opt out of behavioural advertising features through their device settings, their Pinterest [personalization settings](#) or by visiting the [AdChoices opt-out page](#).

Personal Data processed: device information, Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _pin_unauth: 1 year
- _pinterest_ct_ua: duration of the session

Heat mapping and session recording

Heat mapping services are used to display the areas of Vimar that Users interact with most frequently. This shows where the points of interest are. These services make it possible to monitor and analyse web traffic and keep track of User behaviour. Some of these services may record sessions and make them available for later visual playback.

Hotjar Heat Maps & Recordings (Hotjar Ltd.)

Hotjar is a session recording and heat mapping service provided by Hotjar Ltd.
Hotjar honours generic „Do Not Track" headers. This means the browser can tell its script not to collect any of the User's data. This is a setting that is available in all major browsers. Find Hotjar's [opt-out information here](#).

Personal Data processed: Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: Malta – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- _hjAbsoluteSessionInProgress: 30 minutes
- _hjCachedUserAttributes: duration of the session
- _hjClosedSurveyInvites: 1 year
- _hjDonePolls: 1 year
- _hjFirstSeen: duration of the session
- _hjIncludedInSessionSample: 30 minutes
- _hjLocalStorageTest: duration of the session
- _hjLocalStorageTest: duration of the session
- _hjMinimizedPolls: 1 year
- _hjSession*: 30 minutes

- _hjTLDTest: duration of the session
- _hjUserAttributesHash: duration of the session
- _hjViewportId: duration of the session
- _hjid: 1 year

Managing data collection and online surveys

This type of service allows Vimar to manage the creation, deployment, administration, distribution and analysis of online forms and surveys in order to collect, save and reuse Data from any responding Users.
The Personal Data collected depend on the information asked and provided by the Users in the corresponding online form.

These services may be integrated with a wide range of third-party services to enable the Owner to take subsequent steps with the Data processed - e.g. managing contacts, sending messages, analytics, advertising and payment processing.

Meta lead ads (Meta Platforms Ireland Limited)

Meta lead ads is an advertising and data collection service provided by Meta Platforms Ireland Limited that allows form-based ads to be shown to Users pre-populated with Personal Data from their Facebook profiles, such as names and email addresses. Depending on the type of advertisement, Users may be requested to provide further information.

Form submission results in the collection and processing of these Data by the Owner under this privacy policy, and only for the specific purpose outlined on the form and/or inside this privacy policy, where provided.

Users may exercise their rights, at any time, including the right to withdraw their consent to the processing of their Data, as specified in the section containing information about User rights in this privacy policy.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months

Marketing

Vimar uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilised for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on Vimar, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.
Some of the services listed below may use Trackers to identify Users or they may use the behavioural retargeting technique, i.e. displaying ads tailored to the User's interests and behaviour, including those detected outside Vimar. For more information, please check the privacy policies of the relevant services.
Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Google Ads Similar audiences (Google Ireland Limited)

Similar audiences is an advertising and behavioural targeting service provided by Google Ireland Limited that uses Data from Google Ads Remarketing in order to display ads to Users with similar behaviour to Users who are already on the remarketing list due to their past use of Vimar.
On the basis of this Data, personalised ads will be shown to Users suggested by Google Ads Similar audiences.

Users who don't want to be included in Similar audiences can opt out and disable the use of advertising Trackers by going to: Google Ad Settings.

In order to understand Google's use of Data, consult Google's partner policy.

Personal Data processed: Trackers and Usage Data.

Meta Audience Network (Meta Platforms Ireland Limited)

Meta Audience Network is an advertising service provided by Meta Platforms Ireland Limited **In order to understand Meta's use of Data, consult Meta's data policy.**

Vimar may use identifiers for mobile devices (including Android Advertising ID or Advertising Identifier for iOS, respectively) and technologies similar to cookies to run the Meta Audience Network service. One of the ways Audience Network shows ads is by using the User's ad preferences. The User can control this in the Facebook ad settings.

Users may opt-out of certain Audience Network targeting through applicable device settings, such as the device advertising settings for mobile phones or by following the instructions in other Audience Network related sections of this privacy policy, if available.

Personal Data processed: Trackers, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Meta Lookalike Audience (Meta Platforms Ireland Limited)

Meta Lookalike Audience is an advertising and behavioural targeting service provided by Meta Platforms Ireland Limited that uses Data collected through Meta's Custom Audience in order to display ads to Users with similar behaviour to Users who are already in a Custom Audience list on the basis of their past use of Vimar or engagement with relevant content across Meta's apps and services.
On the basis of these Data, personalised ads will be shown to Users suggested by Meta Lookalike Audience.

Users can opt out of Meta's use of Trackers for ads personalisation by visiting this [opt-out page](#).

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months

Gamned! (Gamned)

Gamned! is an advertising service provided by Gamned.

Personal Data processed: Trackers and Usage Data.

Remarketing and behavioural targeting

This type of service allows Vimar and its partners to inform, optimise and serve advertising based on past use of Vimar by the User.
This activity is facilitated by tracking Usage Data and by using Trackers to collect information which is then transferred to the partners that manage the remarketing and behavioural targeting activity.
Some services offer a remarketing option based on email address lists.
Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Google Ads Remarketing (Google Ireland Limited)

Google Ads Remarketing is a remarketing and behavioural targeting service provided by Google Ireland Limited that connects the activity of Vimar with the Google Ads advertising network and the DoubleClick Cookie.

In order to understand Google's use of Data, consult Google's partner policy.

Users can opt out of Google's use of Trackers for ads personalisation by visiting Google's Ads Settings.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – Privacy Policy – Opt Out.

Users can opt out of Meta's use of Trackers for ads personalisation by visiting this [opt-out page](#).

Personal Data processed: email address and Trackers.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help Vimar to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner and Data Controller

Vimar SpA
Viale Vicenza 14
36063 Marostica (VI) - Italy

Owner contact email: MKW@vimar.com

Since the use of third-party Trackers through Vimar cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by Vimar.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through Vimar (or third-party services employed in Vimar), which can include: the IP addresses or domain names of the computers utilised by the Users who use Vimar, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using Vimar who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of Vimar. The Data Controller, unless otherwise specified, is the Owner of Vimar.

Vimar (or this Application)

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by Vimar as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to Vimar, if not stated otherwise within this document.

Latest update: 7 March 2024
