This document informs Users about the technologies that help this Website to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Website.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent, depending on the applicable law. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Website uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Cookies and Other Information Collection Tools

What are cookies? A cookie is a small file containing a string of characters that is sent to your computer when you visit a website or use an online service. When you visit the website or use the service again, the cookie allows that website or online service to recognize your browser or device. Cookies may store unique identifiers, user preferences and other information.

Duration of Cookies. We may use “session cookies” or “persistent cookies.” Session cookies are temporary and expire once you close your browser or once your session ends. Persistent cookies remain on your device for much longer or until you or your browser erase them. Persistent cookies have varying durations that are dependent on their expiration date.

What types of cookies do we use? Company uses:

- **Necessary Cookies.** These cookies are necessary for you to browse the Site and use its features, such as accessing secure areas of the Site. Without these cookies, certain aspects of the Site may not be available to you.
- **Preferences Cookies.** These cookies collect information about how you have used the Site in the past and allow the Site to remember the choices you have made. These cookies allow us to improve how the Site works for you and tailor the Site to your preferences.
- **Analytics Cookies.** These cookies collect information about how you use the Site, such as which pages you most often visit on the Site, the time you spend on the Site, which links you click on, and any issues encountered. These cookies help us understand how visitors interact with the Site. All information collected is aggregated and do not identify you.
- **Marketing Cookies.** These cookies track your online activity to help deliver advertisements that are relevant to you and your interests and measure the effectiveness of the advertising campaigns. They also limit how many times you see a certain advertisement. We may share the information collected through these cookies with others, such as advertisers.

Why do we use them? Cookies help us improve the Site by providing us with information about which parts of the Site are most popular, what actions are taken by users and what content is viewed, enabling us to analyze technical and navigational information about the Site, and helping us to detect and prevent fraud. We also use cookies and other data collection tools (such as web beacons, pixels and embedded scripts) to help improve your experience with the Site. For example, we use Google Analytics to help analyze how users use the Site. These tools use cookies to collect standard Internet log information and visitor behavior information in an anonymous form. The information generated by the cookie about your use of the Site (including IP address) is transmitted to our data collection tool service providers. This information is then used by us to evaluate visitors’ use of the Site and to compile statistical reports on website activity for Company. If you would like to opt-out from the use of your information by Google analytics, you may use Google Analytics opt-out browser add-on designed for this purpose.

How do I control cookies? Web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to manage and delete cookies, visit www.allaboutcookies.org. Some web browsers provide settings that allow a user to reject cookies or to alert a user when a cookie is placed on the user’s computer, tablet or mobile device. Most mobile devices also offer settings to reject mobile device identifiers. Although users are not required to accept cookies or mobile device identifiers, blocking or rejecting them may prevent access to some features available through the Site.

Interest Based Advertising

We may collect information about your online activities on our Site to provide you with advertising about products and services tailored to your individual interests. You may see certain ads on other websites because we work with advertising partners (including advertising networks) to engage in remarketing and retargeting activities. Our advertising partners allow us to target our messaging to users through demographic, interest-based and contextual means. These partners may track your online activities over time and across websites, including our Site, by collecting information through automated means, including through the use of third-party cookies and web beacons. The information our advertising partners may collect includes data about your visits to websites that participate in the relevant advertising networks, such as the pages or advertisements you view and the actions you take on the websites. This data collection takes place both on our Site and on third-party websites that participate in the ad networks.

Provided that a digital advertising services company participates in industry-developed programs designed to provide consumers choices about whether to receive targeted advertising, you may opt out of ad network interest-based advertising generally through the Network Advertising Initiative website or by visiting <http://www.aboutads.info/choices/> (web-based advertising) or <http://www.aboutads.info/appchoices> (for mobile advertising). To learn more, please visit the websites operated by the Network Advertising Initiative and Digital Advertising Alliance at www.networkadvertising.org/choices. If we use such digital advertising service providers in our marketing efforts, opting-out using those tools does not mean that you will stop receiving ads from us. It

means that you still stop receiving ads from us that have been targeted to you based on your visits and browsing activity across websites over time.

How Information is Used

We may use the information we collect for any of the following purposes:

- to provide the Site to you and to improve the Site;
- to provide, operate, improve, and personalize the products and services we offer, and to give each user a more consistent and personalized experience when interacting with us;
- to register your account;
- to determine trends in consumption of our products and determine where our products may be in demand;
- to provide you with information about products and services that we may provide that we think may be of interest to you;
- to help deliver advertisements that are relevant to you and your interests and measure the effectiveness of our advertising campaigns;
- to provide you with updates about our products and services and with transactional information;
- for customer service and/or support, security (including for authentication purposes), to detect fraud or illegal activities, and for archival and backup purposes in connection with the provision of the Site;
- for analytics purposes;
- to fulfil your requests, such as those related to ordering and payment;
- to communicate with you, including through the chat function on the Site;
- to enforce our Privacy Policy or other applicable policies;
- to comply with applicable laws or respond to a subpoena, regulation, binding order of a data protection agency, legal process, governmental request or other legal or regulatory process;
- to enforce our rights, protect our property or protect the rights, property or safety of others;
- as needed to support external auditing, compliance and corporate governance functions.

marketing and advertising services for us, to send out emails on our behalf or process payments.
