Privacy Policy of OpenBar

This Application collects some Personal Data from its Users.

Users may be subject to different protection standards and broader standards may therefore apply to some. Users can contact the Owner, to learn more about such standards.

This document can be printed for reference by using the print command in the settings of any browser.

Owner and Data Controller

Nez Srl - Via S. Francesco 19, 22066 Mariano Comense (Italia)

Owner contact email: support@openbar.life

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Trackers; Usage Data; first name; last name; email address; phone number; payment info; billing address; Calendar permission; Contacts permission; Camera permission; Precise location permission (continuous); Precise location permission (non-continuous); Approximate location permission (non-continuous); SMS permission; Social media accounts permission; Microphone permission, without recording; Biometric Data access permission; Photo Library permission; User ID; profile picture; date of birth; geography/region; country; city; password; various types of Data; profession; county; state; ZIP/Postal code; gender; physical address; company name; website; VAT Number; username; Universally unique identifier (UUID); device information; unique device identifiers for advertising (Google Advertiser ID or IDFA, for example); purchase history; shipping address; geographic position; Data communicated while using the service; number of Users; number of sessions; session duration; In-app purchases; Application opens; Application updates; launches; operating systems; general activity data.

Complete details on each type of Personal Data collected are provided in the dedicated sections of this privacy policy or by specific explanation texts displayed prior to the Data collection.

Personal Data may be freely provided by the User, or, in case of Usage Data, collected automatically when using this Application. Unless specified otherwise, all Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without consequences to the availability or the functioning of the Service.

Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Any use of Cookies – or of other tracking tools — by this Application or by the owners of third-party services used by this Application serves the purpose of providing the Service required by the User, in addition to any other purposes described in the present document and in the Cookie Policy.

Users are responsible for any third-party Personal Data obtained, published or shared through this Application.

Mode and place of processing the Data

Methods of processing

The Owner takes appropriate security measures to prevent unauthorised access, disclosure, modification, or unauthorised destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organisational procedures and modes strictly related to the purposes indicated. In addition to the Owner, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of this Application (administration, sales, marketing, legal, system administration) or external parties (such as third-party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Owner at any time.

Place

The Data is processed at the Owner's operating offices and in any other places where the parties involved in the processing are located.

Depending on the User's location, data transfers may involve transferring the User's Data to a country other than their own. To find out more about the place of processing of such transferred Data, Users can check the section containing details about the processing of Personal Data.

Retention time

Personal Data shall be processed and stored for as long as required by the purpose they have been collected for.

The purposes of processing

The Data concerning the User is collected to allow the Owner to provide its Service, comply with its legal obligations, respond to enforcement requests, protect its rights and interests (or those of its Users or third parties), detect any malicious or fraudulent activity, as well as the following: Access to third-party accounts, Analytics, Handling payments, Device permissions for Personal Data access, Registration and authentication, Contacting the User, Social features, Managing contacts and sending messages, Advertising, Hosting and backend infrastructure, Location-based interactions, Infrastructure monitoring, Collection of privacy-related preferences, Data transfer outside of the UK, Displaying content from external platforms, Data transfer outside the EU, Handling activity data, Platform services and hosting and Registration and authentication provided directly by this Application.

For specific information about the Personal Data used for each purpose, the User may refer to the section "Detailed information on the processing of Personal Data".

Facebook permissions asked by this Application

This Application may ask for some Facebook permissions allowing it to perform actions with the User's Facebook account and to retrieve information, including Personal Data, from it. This service allows this Application to connect with the User's account on the Facebook social network, provided by Facebook Inc.

For more information about the following permissions, refer to the <u>Facebook permissions documentation</u> and to the <u>Facebook privacy policy</u>.

The permissions asked are the following: Basic information, Birthday, Contact email, Current City and Email.

Device permissions for Personal Data access

Depending on the User's specific device, this Application may request certain permissions that allow it to access the User's device Data as described below.

By default, these permissions must be granted by the User before the respective information can be accessed. Once the permission has been given, it can be revoked by the User at any time. In order to revoke these permissions, Users may refer to the device settings or contact the Owner for support at the contact details provided in the present document. The exact procedure for controlling app permissions may be dependent on the User's device and software.

Please note that the revoking of such permissions might impact the proper functioning of this Application.

If User grants any of the permissions listed below, the respective Personal Data may be processed (i.e accessed to, modified or removed) by this Application.

Approximate location permission (continuous)

Used for accessing the User's approximate device location. This Application may collect, use, and share User location Data in order to provide location-based services.

Approximate location permission (non-continuous)

Used for accessing the User's approximate device location. This Application may collect, use, and share User location Data in order to provide location-based services.

The geographic location of the User is determined in a manner that isn't continuous. This means that it is impossible for this Application to derive the approximate position of the User on a continuous basis.

Biometric Data access permission

Used for accessing the User's biometrical Data and/or authentication systems, such as for instance, FaceID.

Calendar permission

Used for accessing the calendar on the User's device, including the reading, adding and removing of entries.

Camera permission

Used for accessing the camera or capturing images and video from the device.

Contacts permission

Used for accessing contacts and profiles on the User's device, including the changing of entries.

Microphone permission, without recording

Allows accessing and recording microphone audio from the User's device. The recording feature is not used on this Application.

Photo Library permission

Allows access to the User's Photo Library.

Precise location permission (continuous)

Used for accessing the User's precise device location. This Application may collect, use, and share User location Data in order to provide location-based services.

Precise location permission (non-continuous)

Used for accessing the User's precise device location. This Application may collect, use, and share User location Data in order to provide location-based services.

The geographic location of the User is determined in a manner that isn't continuous. This means that it is impossible for this Application to derive the exact position of the User on a continuous basis.

SMS permission

Used for accessing features related to the User's messaging including the sending, receiving and reading of SMS.

Social media accounts permission

Used for accessing the User's social media account profiles, such as Facebook and Twitter.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Access to third-party accounts

This type of service allows this Application to access Data from your account on a third-party service and perform actions with it. These services are not activated automatically, but require explicit authorisation by the User.

Facebook account access (Meta Platforms, Inc.)

This service allows this Application to connect with the User's account on the Facebook social network, provided by Facebook, Inc.

Permissions asked: Birthday; Contact email; Current City; Email.

Place of processing: United States – Privacy Policy.

Advertising

This type of service allows User Data to be utilised for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests. This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below. Some of the services listed below may use Trackers to identify Users or they may use the behavioural retargeting technique, i.e. displaying ads tailored to the User's interests and behaviour, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.

Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Direct Email Marketing (DEM) (this Application)

This Application uses the User Data to propose services and products provided by third parties or unrelated to the product or service provided by this Application.

Personal Data processed: email address; first name; last name.

Direct marketing via SMS (this Application)

This Application uses the User Data to propose services and products provided by third parties or unrelated to the product or service provided by this Application.

Personal Data processed: first name; last name; phone number.

Direct Advertising (this Application)

This Application uses User Data to propose services or products provided by third parties, related or unrelated to the product or service provided by this Application.

Direct Advertising may involve the use of Trackers to monitor Users' behaviour and serve personalised ads. Users may opt-out of ad personalisation by visiting their device settings or following the instructions provided by YourOnlineChoices and AdChoices.

Besides applicable device settings, the User may also make use of the rights described under User rights in the relevant section of this privacy policy.

Personal Data processed: device information; Trackers; unique device identifiers for advertising (Google Advertiser ID or IDFA, for example); Universally unique identifier (UUID); Usage Data.

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Google Analytics (Universal Analytics) (Google Ireland Limited)

Google Analytics (Universal Analytics) is a web analysis service provided by Google Ireland Limited ("Google"). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

In order to understand Google's use of Data, consult Google's partner policy.

Personal Data processed: Trackers; Usage Data.

Place of processing: Ireland – Privacy Policy – Opt Out.

Google Analytics for Firebase (Google Ireland Limited)

Google Analytics for Firebase or Firebase Analytics is an analytics service provided by Google Ireland Limited. **In order to understand Google's use of Data, consult** <u>Google's partner policy</u>.

Firebase Analytics may share Data with other tools provided by Firebase, such as Crash Reporting, Authentication, Remote Config or Notifications. The User may check this privacy policy to find a detailed explanation about the other tools used by the Owner.

This Application uses identifiers for mobile devices and technologies similar to cookies to run the Firebase Analytics service.

Users may opt-out of certain Firebase features through applicable device settings, such as the device advertising settings for mobile phones or by following the instructions in other Firebase related sections of this privacy policy, if available.

Personal Data processed: Application opens; Application updates; device information; geography/region; In-app purchases; launches; number of sessions; number of Users; operating systems; session duration; Trackers; unique device identifiers for advertising (Google Advertiser ID or IDFA, for example); Usage Data.

Place of processing: Ireland – Privacy Policy.

User ID extension for Google Analytics (Google Ireland Limited)

Google Analytics on this Application makes use of a feature called User ID. This setup allows for a more accurate tracking of Users by associating that User with the same ID over various sessions and devices. It is set up in a way that doesn't allow Google to personally identify an individual or permanently identify a particular device.

The User ID extension might make it possible to connect Data from Google Analytics with other Data about the User collected by this Application.

The opt-out link below will only opt you out for the device you are on, but not from tracking performed independently by the Owner. Contact the Owner via the email address provided in this privacy policy to object to the aforementioned tracking as well.

Personal Data processed: Trackers.

Place of processing: Ireland – <u>Privacy Policy</u> – <u>Opt Out</u>.

Collection of privacy-related preferences

This type of service allows this Application to collect and store Users' preferences related to the collection, use, and processing of their personal information, as requested by the applicable privacy legislation.

iubenda Consent Solution (iubenda srl)

The iubenda Consent Solution allows to store and retrieve records of Users' consent to the processing of Personal Data, and information and preferences expressed in relation to the provided consent.

In order to do so, it makes use of a Tracker that temporarily stores pending information on the User's device until it is processed by the API. The Tracker (a browser feature called localStorage) is at that point deleted.

Personal Data processed: Data communicated while using the service; Trackers.

Place of processing: Italy – <u>Privacy Policy</u>.

iubenda Cookie Solution (iubenda srl)

The iubenda Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information and in particular to the use of Cookies and other Trackers on this Application.

Personal Data processed: Trackers.

Place of processing: Italy – <u>Privacy Policy</u>.

Contacting the User

Mailing list or newsletter (this Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data processed: city; company name; country; county; date of birth; email address; first name; gender; last name; phone number; physical address; profession; state; Trackers; Usage Data; website; ZIP/Postal code.

Contact form (this Application)

By filling in the contact form with their Data, the User authorises this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data processed: city; country; date of birth; email address; first name; gender; last name; phone number; physical address; Trackers; Usage Data; User ID; various types of Data; VAT Number; ZIP/Postal code.

Device permissions for Personal Data access

This Application requests certain permissions from Users that allow it to access the User's device Data as described below.

Device permissions for Personal Data access (this Application)

This Application requests certain permissions from Users that allow it to access the User's device Data as summarized here and described within this document.

Personal Data processed: Approximate location permission (continuous); Approximate location permission (non-continuous); Biometric Data access permission; Calendar permission; Camera permission; Contacts permission; Microphone permission, without recording; Photo Library permission; Precise location permission (continuous); Precise location permission (non-continuous); SMS permission; Social media accounts permission.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Fonts (Google Ireland Limited)

Google Fonts is a typeface visualisation service provided by Google Ireland Limited that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Trackers; Usage Data.

Place of processing: Ireland – Privacy Policy.

Handling activity data

This type of service allows the Owner to use the activity data collected by your device in order for this Application to operate or to provide specific features. This may include movements, heartbeat, change in altitude or data about the surroundings. Depending on what is described below, third parties may be involved in the activity tracking. Most devices allow for the User to control which Data is accessed or stored.

Activity data tracked by your device (this Application)

This Application uses some activity data tracked by your device to operate or to provide specific features.

Personal Data processed: date of birth; gender; general activity data.

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

Apple Pay (Apple Inc.)

Apple Pay is a payment service provided by Apple Inc., which allows Users to make payments using their mobile phones.

Personal Data processed: billing address; email address; first name; last name; payment info; phone number; Trackers; various types of Data as specified in the privacy policy of the service.

Place of processing: United States – <u>Privacy Policy</u>.

PayPal (PayPal Inc.)

PayPal is a payment service provided by PayPal Inc., which allows Users to make online payments.

Personal Data processed: billing address; device information; email address; first name; last name; password; payment info; phone number; purchase history; Trackers; Usage Data; username; various types of Data as specified in the privacy policy of the service

Place of processing: See the PayPal privacy policy – <u>Privacy Policy</u>.

Google Pay (Google Ireland Limited)

Google Pay is a payment service provided by Google Ireland Limited, which allows users to make online payments using their Google credentials.

Personal Data processed: billing address; email address; first name; last name; payment info; phone number; purchase history; shipping address; Trackers; Usage Data; various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – <u>Privacy Policy</u>.

Stripe

Stripe is a payment service provided by Stripe Technology Europe Ltd or by Stripe Payments Ltd, depending on how the Owner manages the Data processing.

Personal Data processed: billing address; email address; first name; last name; payment info; purchase history; Trackers; Usage Data; various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – Privacy Policy; United Kingdom – Privacy Policy.

Hosting and backend infrastructure

This type of service has the purpose of hosting Data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application.

Some services among those listed below, if any, may work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

OVHcloud (OVH Srl)

OVHcloud is a hosting and backend service provided by OVH Srl.

Personal Data processed: Usage Data.

Place of processing: Italy – <u>Privacy Policy</u>.

Infrastructure monitoring

This type of service allows this Application to monitor the use and behaviour of its components so its performance, operation, maintenance and troubleshooting can be improved.

Which Personal Data are processed depends on the characteristics and mode of implementation of these services, whose function is to filter the activities of this Application.

Firebase Performance Monitoring (Google Ireland Limited)

Firebase Performance Monitoring is a monitoring service provided by Google Ireland Limited.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – <u>Privacy Policy</u>.

Location-based interactions

Geolocation (this Application)

This Application may collect, use, and share User location Data in order to provide location-based services. Most browsers and devices provide tools to opt out from this feature by default. If explicit authorisation has been provided, the User's location data may be tracked by this Application.

Personal Data processed: geographic position.

Non-continuous geolocation (this Application)

This Application may collect, use, and share User location Data in order to provide location-based services.

Most browsers and devices provide tools to opt out from this feature by default. If explicit authorisation has been provided, the User's location data may be tracked by this Application.

The geographic location of the User is determined in a manner that isn't continuous, either at the specific request of the User or when the User doesn't point out its current location in the appropriate field and allows the application to detect the position automatically.

Personal Data processed: geographic position.

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Firebase Notifications (Google Ireland Limited)

Firebase Notifications is a message sending service provided by Google Ireland Limited. Firebase Notifications can be integrated with Firebase Analytics to target analytics-based audiences and track opening and conversion events.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – Privacy Policy.

MailUp (Growens S.p.A.)

MailUp is an email address management and message sending service provided by Growens S.p.A.

Personal Data processed: company name; country; date of birth; email address; first name; gender; last name; phone number; Trackers; Usage Data; username; various types of Data.

Place of processing: Italy – Privacy Policy.

Twilio (Twilio, Inc.)

Twilio is a phone numbers management and communication service provided by Twilio, Inc.

Personal Data processed: phone number.

Place of processing: United States - Privacy Policy.

Platform services and hosting

These services have the purpose of hosting and running key components of this Application, therefore allowing the provision of this Application from within a unified platform. Such platforms provide a wide range of tools to the Owner – e.g. analytics, user registration, commenting, database management, e-commerce, payment processing – that imply the collection and handling of Personal Data.

Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Google Play Store (Google Ireland Limited)

This Application is distributed on the Google Play Store, a platform for the distribution of mobile apps, provided by Google Ireland Limited.

By virtue of being distributed via this app store, Google collects usage and diagnostics data and share aggregate information with the Owner. Much of this information is processed on an opt-in basis.

Users may opt-out of this analytics feature directly through their device settings. More information on how to manage analysis settings can be found on this page.

Personal Data processed: Usage Data.

Place of processing: Ireland – Privacy Policy.

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Sign in with Apple (Apple Inc.)

Sign in with Apple is a registration and authentication service provided by Apple Inc. In cases where Users are required to provide their email address, Sign in with Apple may generate a private relay address on behalf of Users that automatically forwards messages to their verified personal email account - therefore shielding their actual email address from the Owner.

Personal Data processed: city; country; date of birth; email address; first name; geography/region; last name; password; phone number; profile picture; User ID.

Place of processing: United States – <u>Privacy Policy</u>.

Facebook Authentication (Meta Platforms Ireland Limited)

Facebook Authentication is a registration and authentication service provided by Meta Platforms Ireland Limited and is connected to the Facebook social network.

Personal Data processed: Trackers; various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – Privacy Policy.

Registration and authentication provided directly by this Application

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. The Personal Data is collected and stored for registration or identification purposes only. The Data collected are only those necessary for the provision of the service requested by the Users.

Direct registration (this Application)

The User registers by filling out the registration form and providing the Personal Data directly to this Application.

Personal Data processed: date of birth; email address; first name; last name; password; username.

Social features

Firebase Dynamic Links (Google Ireland Limited)

Firebase Dynamic Links is a social feature provided by Google Ireland Limited. Dynamic Links are tracked within Firebase or Google Analytics for Firebase, which informs the Owner about the details of the User journey to and within this Application.

Personal Data processed: various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – <u>Privacy Policy</u>.

Inviting and suggesting friends (this Application)

This Application may use the Personal Data provided to allow Users to invite their friends - for example through the address book, if access has been provided - and to suggest friends or connections inside it.

Personal Data processed: various types of Data.

Information on opting out of interest-based advertising

In addition to any opt-out feature provided by any of the services listed in this document, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section of the Cookie Policy.

Further information about the processing of Personal Data

Equal protection of User Data

This Application shares User Data only with third parties carefully selected to ensure that they provide the same or equal protection of User Data as stated in this privacy policy and requested by applicable data protection laws. Further information on data processing and privacy practices by third parties can be found in their respective privacy policies.

Push notifications for direct marketing

This Application may send push notifications to the User for the purpose of direct marketing (to propose services and products provided by third parties or unrelated to the product or service provided by this Application).

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then changing those settings for this Application or all of the apps on the particular device.

Users must be aware that disabling push notifications may negatively affect the utility of this Application.

Besides applicable device settings, the User may also make use of the rights described under User rights in the relevant section of this privacy policy.

Push notifications

This Application may send push notifications to the User to achieve the purposes outlined in this privacy policy.

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then change those settings for this Application, some or all of the apps on the particular device. Users must be aware that disabling push notifications may negatively affect the utility of this Application.

Push notifications based on the User's geographic location

This Application may use the User's geographic location to send push notifications for the purposes outlined in this privacy policy.

Users may in most cases opt-out of receiving push notifications by visiting their device settings, such as the notification settings for mobile phones, and then changing those settings for some or all of the apps on the particular device.

Users must be aware that disabling push notifications may negatively affect the utility of this Application.

Access the address book

This Application may request access to your address book.

Analysis and predictions based on the User's Data ("profiling")

The Owner may use the Personal and Usage Data collected through this Application to create or update User profiles. This type of Data processing allows the Owner to evaluate User choices, preferences and behaviour for the purposes outlined in the respective section of this document.

User profiles can also be created through the use of automated tools like algorithms, which can also be provided by third parties. To find out more about the profiling activities performed, Users can check the relevant sections of this document. The User always has a right to object to this kind of profiling activity. To find out more about the User's rights and how to exercise them, the User is invited to consult the section of this document outlining the rights of the User.

Browser Fingerprinting

Browser Fingerprinting creates an identifier based on a device's unique combination of characteristics (e.g. IP address, HTTP header, browser properties etc.), that allows to distinguish the User from other Users, thereby enabling to track the User's browsing behaviour across the web. Browser Fingerprinting does not have an expiration date and cannot be deleted.

Preference Cookies

Preference Cookies store the User preferences detected on this Application in the local domain such as, for example, their timezone and region.

Personal Data collected through sources other than the User

The Owner of this Application may have legitimately collected Personal Data relating to Users without their knowledge by reusing or sourcing them from third parties on the grounds mentioned in the section specifying the legal basis of processing. Where the Owner has collected Personal Data in such a manner, Users may find specific information regarding the source within the relevant sections of this document or by contacting the Owner.

Unique device identification

This Application may track Users by storing a unique identifier of their device, for analytics purposes or for storing Users' preferences.

The Service is intended for adults

Users declare themselves to be adult according to their applicable legislation. Minors may not use this Application.

Automated decision-making

Automated decision-making means that a decision which is likely to have legal effects or similarly significant effects on the User, is taken solely by technological means, without any human intervention. This Application may use the User's Personal Data to make decisions entirely or partially based on automated processes according to the purposes outlined in this document. This Application adopts automated decision-making processes as far as necessary to enter into or perform a contract between User and Owner, or on the basis of the User's explicit consent, where such consent is required by the law.

Automated decisions are made by technological means – mostly based on algorithms subject to predefined criteria – which may also be provided by third parties.

The rationale behind the automated decision making is:

- to enable or otherwise improve the decision-making process;
- to grant Users fair and unbiased treatment based on consistent and uniform criteria;
- to reduce the potential harm derived from human error, personal bias and the like which may potentially lead to discrimination or imbalance in the treatment of individuals etc.;
- to reduce the risk of User's failure to meet their obligation under a contract. To find out more about the purposes, the thirdparty services, if any, and any specific rationale for automated decisions used within this Application, Users can check the relevant sections in this document.

Consequences of automated decision-making processes for Users and rights of Users subjected to it

As a consequence, Users subject to such processing, are entitled to exercise specific rights aimed at preventing or otherwise limiting the potential effects of the automated decisions taken. In particular, Users have the right to:

- obtain an explanation about any decision taken as a result of automated decision-making and express their point of view regarding this decision;
- challenge a decision by asking the Owner to reconsider it or take a new decision on a different basis;
- request and obtain from the Owner human intervention on such processing.

To learn more about the User's rights and the means to exercise them, the User is invited to consult the section of this document relating to the rights of the User.

sessionStorage

sessionStorage allows this Application to store and access data right in the User's browser. Data in sessionStorage is deleted automatically when the session ends (in other words, when the browser tab is closed).

Selling goods and services online

The Personal Data collected are used to provide the User with services or to sell goods, including payment and possible delivery. The Personal Data collected to complete the payment may include the credit card, the bank account used for the transfer, or any other means of payment envisaged. The kind of Data collected by this Application depends on the payment system used.

User identification via a universally unique identifier (UUID)

This Application may track Users by storing a so-called universally unique identifier (or short UUID) for analytics purposes or for storing Users' preferences. This identifier is generated upon installation of this Application, it persists between Application launches and updates, but it is lost when the User deletes the Application. A reinstall generates a new UUID.

Cookie Policy

This Application uses Trackers. To learn more, Users may consult the **Cookie Policy**.

Further Information for Users in the European Union

This section applies to all Users in the European Union, according to the General Data Protection Regulation (the "GDPR"), and, for such Users, supersedes any other possibly divergent or conflicting information contained in the privacy policy. Further details regarding the categories of Data processed, the purposes of processing, the categories of recipients of the Personal Data, if any, and further information about Personal Data can be found in **the section titled "Detailed information on the processing of Personal Data" within this document.**

Legal basis of processing

The Owner may process Personal Data relating to Users if one of the following applies:

- Users have given their consent for one or more specific purposes.
- provision of Data is necessary for the performance of an agreement with the User and/or for any pre-contractual obligations thereof:
- processing is necessary for compliance with a legal obligation to which the Owner is subject;
- processing is related to a task that is carried out in the public interest or in the exercise of official authority vested in the Owner:
- processing is necessary for the purposes of the legitimate interests pursued by the Owner or by a third party.

In any case, the Owner will gladly help to clarify the specific legal basis that applies to the processing, and in particular whether the provision of Personal Data is a statutory or contractual requirement, or a requirement necessary to enter into a contract.

Further information about retention time

Personal Data shall be processed and stored for as long as required by the purpose they have been collected for.

Therefore:

- Personal Data collected for purposes related to the performance of a contract between the Owner and the User shall be retained until such contract has been fully performed.
- Personal Data collected for the purposes of the Owner's legitimate interests shall be retained as long as needed to fulfill such purposes. Users may find specific information regarding the legitimate interests pursued by the Owner within the relevant sections of this document or by contacting the Owner.

The Owner may be allowed to retain Personal Data for a longer period whenever the User has given consent to such processing, as long as such consent is not withdrawn. Furthermore, the Owner may be obliged to retain Personal Data for a longer period whenever required to fulfil a legal obligation or upon order of an authority.

Once the retention period expires, Personal Data shall be deleted. Therefore, the right of access, the right to erasure, the right to rectification and the right to data portability cannot be enforced after expiration of the retention period.

The rights of Users based on the General Data Protection Regulation (GDPR)

Users may exercise certain rights regarding their Data processed by the Owner.

In particular, Users have the right to do the following, to the extent permitted by law:

- **Withdraw their consent at any time.** Users have the right to withdraw consent where they have previously given their consent to the processing of their Personal Data.
- **Object to processing of their Data.** Users have the right to object to the processing of their Data if the processing is carried out on a legal basis other than consent.
- **Access their Data.** Users have the right to learn if Data is being processed by the Owner, obtain disclosure regarding certain aspects of the processing and obtain a copy of the Data undergoing processing.
- **Verify and seek rectification.** Users have the right to verify the accuracy of their Data and ask for it to be updated or corrected.
- **Restrict the processing of their Data.** Users have the right to restrict the processing of their Data. In this case, the Owner will not process their Data for any purpose other than storing it.
- Have their Personal Data deleted or otherwise removed. Users have the right to obtain the erasure of their Data from the Owner
- Receive their Data and have it transferred to another controller. Users have the right to receive their Data in a
 structured, commonly used and machine readable format and, if technically feasible, to have it transmitted to another
 controller without any hindrance.
- **Lodge a complaint.** Users have the right to bring a claim before their competent data protection authority.

Users are also entitled to learn about the legal basis of Data transfers to a country outside the European Union or to any international organisation governed by public international law or set up by two or more countries, such as the UN, and about the security measures taken by the Owner to safeguard their Data.

If any such transfer takes place, Users can find out more by checking the relevant sections of this document or enquire with the Owner using the information provided in the contact section.

Details about the right to object to processing

Where Personal Data is processed for a public interest, in the exercise of an official authority vested in the Owner or for the purposes of the legitimate interests pursued by the Owner, Users may object to such processing by providing a ground

related to their particular situation to justify the objection.

Users must know that, however, should their Personal Data be processed for direct marketing purposes, they can object to that processing at any time, free of charge and without providing any justification. Where the User objects to processing for direct marketing purposes, the Personal Data will no longer be processed for such purposes. To learn whether the Owner is processing Personal Data for direct marketing purposes, Users may refer to the relevant sections of this document.

How to exercise these rights

Any requests to exercise User rights can be directed to the Owner through the contact details provided in this document. Such requests are free of charge and will be answered by the Owner as early as possible and always within one month, providing Users with the information required by law. Any rectification or erasure of Personal Data or restriction of processing will be communicated by the Owner to each recipient, if any, to whom the Personal Data has been disclosed unless this proves impossible or involves disproportionate effort. At the Users' request, the Owner will inform them about those recipients.

Transfer of Personal Data outside of the European Union

Other legal basis for Data transfer abroad

If no other legal basis applies, Personal Data shall be transferred from the EU to third countries only if at least one of the following conditions is met:

- the transfer is necessary for the performance of a contract between the User and the Owner or of pre-contractual measures taken at the User's request;
- the transfer is necessary for the conclusion or performance of a contract concluded in the interest of the User between the Owner and another natural or legal person;
- the transfer is necessary for important reasons of public interest;
- the transfer is necessary for establishment, exercise or defence of legal claims;
- the transfer is necessary in order to protect the vital interests of the data subject or of other persons, where the data subject is physically or legally incapable of giving consent;
- the data transferred is sourced from a public register created under the law of the country that the data originates from;
- subject to further conditions, the Owner has a compelling legitimate interest to perform a one-off transfer of Personal Data.

In such cases, the Owner shall inform the User about the legal bases the transfer is based on via this Application.

Transfer of Personal Data outside of the United Kingdom

Data transfer abroad based on standard contractual clauses (UK)

If this is the legal basis, the transfer of Personal Data from the UK to third countries is carried out by the Owner according to "standard contractual clauses" provided by the European Commission.

This means that Data recipients have committed to process Personal Data in compliance with the data protection standards set forth by EU data protection legislation, which are recognized as valid also under UK law. For further information, Users are requested to contact the Owner through the contact details provided in the present document.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Owner in Court or in the stages leading to possible legal action arising from improper use of this Application or the related Services.

The User declares to be aware that the Owner may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular Services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third-party services may collect files that record interaction with this Application (System logs) or use other Personal Data (such as the IP Address) for this purpose.

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Owner at any time. Please see the contact information at the beginning of this document.

Changes to this privacy policy

The Owner reserves the right to make changes to this privacy policy at any time by notifying its Users on this page and possibly within this Application and/or - as far as technically and legally feasible - sending a notice to Users via any contact information available to the Owner. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom.

Should the changes affect processing activities performed on the basis of the User's consent, the Owner shall collect new consent from the User, where required.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilised by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to this Application, if not stated otherwise within this document.
