

Cookie Policy of OpenBar

This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent, depending on the applicable law. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

First-party Trackers

Further information about Personal Data

Browser Fingerprinting (this Application)

Browser Fingerprinting creates an identifier based on a device's unique combination of characteristics (e.g. IP address, HTTP header, browser properties etc.), that allows to distinguish the User from other Users, thereby enabling to track the User's browsing behaviour across the web. Browser Fingerprinting does not have an expiration date and cannot be deleted.

Personal Data processed: Trackers.

Preference Cookies (this Application)

Preference Cookies store the User preferences detected on this Application in the local domain such as, for example, their timezone and region.

Personal Data processed: Trackers.

sessionStorage (this Application)

sessionStorage allows this Application to store and access data right in the User's browser. Data in sessionStorage is deleted automatically when the session ends (in other words, when the browser tab is closed).

Personal Data processed: Trackers.

Third-party Trackers

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing

of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

Apple Pay (Apple Inc.)

Apple Pay is a payment service provided by Apple Inc., which allows Users to make payments using their mobile phones.

Personal Data processed: billing address, email address, first name, last name, payment info, phone number, Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

PayPal (PayPal Inc.)

PayPal is a payment service provided by PayPal Inc., which allows Users to make online payments.

Personal Data processed: billing address, device information, email address, first name, last name, password, payment info, phone number, purchase history, Trackers, Usage Data, username and various types of Data as specified in the privacy policy of the service.

Place of processing: See the PayPal privacy policy – [Privacy Policy](#).

Storage duration:

- `__paypal_storage__`: indefinite
- `akavpau_ppsd`: duration of the session
- `enforce_policy`: duration of the session
- `l7_az`: duration of the session
- `nsid`: duration of the session
- `ts`: duration of the session
- `tsrce`: duration of the session
- `x-cdn`: duration of the session
- `x-pp-s`: duration of the session

Google Pay (Google Ireland Limited)

Google Pay is a payment service provided by Google Ireland Limited, which allows users to make online payments using their Google credentials.

Personal Data processed: billing address, email address, first name, last name, payment info, phone number, purchase history, shipping address, Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#).

Stripe

Stripe is a payment service provided by Stripe Technology Europe Ltd or by Stripe Payments Ltd, depending on how the Owner manages the Data processing.

Personal Data processed: billing address, email address, first name, last name, payment info, purchase history, Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#); United Kingdom – [Privacy Policy](#).

Storage duration:

- `__Host-LinkSession`: 2 years
- `__stripe_mid`: 1 year
- `__stripe_sid`: 30 minutes
- `dashboard.banner-dismissals`: duration of the session
- `link.auth_session_client_secret`: duration of the session
- `m`: 2 years
- `pay_sid`: 1 year

Collection of privacy-related preferences

This type of service allows this Application to collect and store Users' preferences related to the collection, use, and processing of their personal information, as requested by the applicable privacy legislation.

iubenda Consent Solution (iubenda srl)

The iubenda Consent Solution allows to store and retrieve records of Users' consent to the processing of Personal Data, and information and preferences expressed in relation to the provided consent.

In order to do so, it makes use of a Tracker that temporarily stores pending information on the User's device until it is processed by the API. The Tracker (a browser feature called localStorage) is at that point deleted.

Personal Data processed: Data communicated while using the service and Trackers.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- ConS JS library localStorage (IUB_DATA): indefinite

iubenda Cookie Solution (iubenda srl)

The iubenda Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information and in particular to the use of Cookies and other Trackers on this Application.

Personal Data processed: Trackers.

Place of processing: Italy – [Privacy Policy](#).

Other activities involving the use of Trackers

Functionality

This Application uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Contacting the User

Mailing list or newsletter (this Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data processed: city, company name, country, county, date of birth, email address, first name, gender, last name, phone number, physical address, profession, state, Trackers, Usage Data, website and ZIP/Postal code.

Contact form (this Application)

By filling in the contact form with their Data, the User authorises this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data processed: city, country, county, date of birth, email address, first name, gender, last name, phone number, physical address, Trackers, Usage Data, User ID, various types of Data, VAT Number and ZIP/Postal code.

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Facebook Authentication (Meta Platforms Ireland Limited)

Facebook Authentication is a registration and authentication service provided by Meta Platforms Ireland Limited and is connected to the Facebook social network.

Personal Data processed: Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: Ireland – [Privacy Policy](#).

Storage duration:

- `_fbp`: 3 months
- `fbssls_*`: duration of the session

Experience

This Application uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Fonts (Google Ireland Limited)

Google Fonts is a typeface visualisation service provided by Google Ireland Limited that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

Measurement

This Application uses Trackers to measure traffic and analyse User behaviour to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Google Analytics (Google Ireland Limited)

Google Analytics is a web analysis service provided by Google Ireland Limited (“Google”). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- `AMP_TOKEN`: 1 hour
- `_ga`: 2 years
- `_gac*`: 3 months
- `_gat`: 1 minute
- `_gid`: 1 day

Google Analytics for Firebase (Google Ireland Limited)

Google Analytics for Firebase or Firebase Analytics is an analytics service provided by Google Ireland Limited.

In order to understand Google's use of Data, consult [Google's partner policy](#).

Firebase Analytics may share Data with other tools provided by Firebase, such as Crash Reporting, Authentication, Remote Config or Notifications. The User may check this privacy policy to find a detailed explanation about the other tools used by the Owner.

This Application uses identifiers for mobile devices and technologies similar to cookies to run the Firebase Analytics service.

Users may opt-out of certain Firebase features through applicable device settings, such as the device advertising settings for mobile phones or by following the instructions in other Firebase related sections of this privacy policy, if available.

Personal Data processed: Application opens, Application updates, device information, geography/region, In-app purchases, launches, number of sessions, number of Users, operating systems, session duration, Trackers, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

User ID extension for Google Analytics (Google Ireland Limited)

Google Analytics on this Application makes use of a feature called User ID. This setup allows for a more accurate tracking of Users by associating that User with the same ID over various sessions and devices. It is set up in a way that doesn't allow Google to personally identify an individual or permanently identify a particular device.

The User ID extension might make it possible to connect Data from Google Analytics with other Data about the User collected by this Application.

The opt-out link below will only opt you out for the device you are on, but not from tracking performed independently by the Owner. Contact the Owner via the email address provided in this privacy policy to object to the aforementioned tracking as well.

Personal Data processed: Trackers.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Marketing

This Application uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Advertising

This type of service allows User Data to be utilised for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.

Some of the services listed below may use Trackers to identify Users or they may use the behavioural retargeting technique, i.e. displaying ads tailored to the User's interests and behaviour, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.

Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Direct Advertising (this Application)

This Application uses User Data to propose services or products provided by third parties, related or unrelated to the product or service provided by this Application.

Direct Advertising may involve the use of Trackers to monitor Users' behaviour and serve personalised ads. Users may opt-out of ad personalisation by visiting their device settings or following the instructions provided by [YourOnlineChoices](#) and [AdChoices](#).

Besides applicable device settings, the User may also make use of the rights described under User rights in the relevant section of this privacy policy.

Personal Data processed: device information, Trackers, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example), Universally unique identifier (UUID) and Usage Data.

Managing contacts and sending messages

This type of service makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

MailUp (Growens S.p.A.)

MailUp is an email address management and message sending service provided by Growens S.p.A.

Personal Data processed: company name, country, date of birth, email address, first name, gender, last name, phone number, Trackers, Usage Data, username and various types of Data.

Place of processing: Italy – [Privacy Policy](#).

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner and Data Controller

Nez Srl - Via S. Francesco 19, 22066 Mariano Comense (Italia)

Owner contact email: support@openbar.life

Since the use of third-party Trackers through this Application cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by this Application.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilised by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy policy relates solely to this Application, if not stated otherwise within this document.
