This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Third-party Trackers

Handling payments

Unless otherwise specified, this Application processes any payments by credit card, bank transfer or other means via external payment service providers. In general and unless where otherwise stated, Users are requested to provide their payment details and personal information directly to such payment service providers. This Application isn't involved in the collection and processing of such information: instead, it will only receive a notification by the relevant payment service provider as to whether payment has been successfully completed.

Stripe (Stripe Payments Europe, Limited)

Stripe is a payment service provided by Stripe Payments Europe, Limited.

Personal Data processed: billing address, first name, last name, payment info, purchase history, Trackers and Usage Data.

Place of processing: European Union – [Privacy Policy](#).

Storage duration:

- `__Host-LinkSession`: 2 years
- `__stripe_mid`: 1 year
- `__stripe_sid`: 30 minutes
- `dashboard.banner-dismissals`: duration of the session
- `link.auth_session_client_secret`: duration of the session
- `m`: 2 years

- pay_sid: 1 year

Collection of privacy-related preferences

This type of service allows this Application to collect and store Users' preferences related to the collection, use, and processing of their personal information, as requested by the applicable privacy legislation.

iubenda Consent Database (iubenda srl)

The iubenda Consent Database allows to store and retrieve records of Users' consent to the processing of Personal Data, and information and preferences expressed in relation to the provided consent.

In order to do so, it makes use of a Tracker that temporarily stores pending information on the User's device until it is processed by the API. The Tracker (a browser feature called localStorage) is at that point deleted.

Personal Data processed: Data communicated while using the service, IP address and Trackers.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- ConS JS library localStorage (IUB_DATA): indefinite

iubenda Privacy Controls and Cookie Solution (iubenda srl)

The iubenda Privacy Controls and Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information, and in particular to the use of Cookies and other Trackers on this Application.

Personal Data processed: IP address and Trackers.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- _iub_cs-*: 1 year
- usprivacy: 1 year

Other activities involving the use of Trackers

Functionality

This Application uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

Stripe OAuth (Stripe Payments Europe, Limited)

Stripe OAuth is a registration and authentication service provided by Stripe, Inc. and is connected to the Stripe network.

Personal Data processed: Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: European Union – [Privacy Policy](#).

Storage duration:

- __stripe_mid: 1 year
- __stripe_sid: 30 minutes

Selling goods and services online

This type of service helps the Owner to sell goods, provide services or monetize online content. To this end, the services listed below may for instance allow the Owner to process payments, set up subscription models, track orders, and manage deliveries.

Recharge (Recharge Inc.)

Recharge is a subscription management tool provided by Recharge Inc, which allows the Owner to manage subscriptions, invoicing, pricing models, and subscription and revenue analytics.

Personal Data processed: billing address, email address, financial information, first name, in-app purchases, invoicing information, last name, payment info, purchase history, Trackers, Usage Data and User ID.

Place of processing: United States – [Privacy Policy](#).

Experience

This Application uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Instagram widget (Instagram, Inc.)

Instagram is an image visualization service provided by Instagram, Inc. that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#).

YouTube video widget (Google Inc.)

YouTube is a video content visualization service provided by Google Inc. that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#).

Storage duration:

- PREF: 8 months
- VISITOR_INFO1_LIVE: 8 months
- YSC: duration of the session

Measurement

This Application uses Trackers to measure traffic and analyze User behavior to improve the Service.

Analytics services managed directly by this Application

The services contained in this section allow the Owner to collect and manage analytics through the use of first-party Trackers.

Matomo (self-hosted) (this Application)

Matomo is an analytics software used by this Application to analyze data directly without the help of third parties.

Personal Data processed: IP address, Trackers and Usage Data.

Storage duration:

- _pk_cvar*: 30 minutes
- _pk_id*: 2 years
- _pk_ref*: 7 months

- _pk_ses*: 30 minutes
- _pk_testcookie*: duration of the session

Heat mapping and session recording

Heat mapping services are used to display the areas of this Application that Users interact with most frequently. This shows where the points of interest are. These services make it possible to monitor and analyze web traffic and keep track of User behavior.

Some of these services may record sessions and make them available for later visual playback.

Matomo Heatmaps (InnoCraft)

Matomo Heatmaps is a heat mapping service provided by InnoCraft.

Personal Data processed: clicks, interaction events, scroll position, Trackers and Usage Data.

Place of processing: New Zealand – [Privacy Policy](#).

Storage duration:

- _pk_hsr*: 30 minutes

Activities that do not fit the above categorizations

Instagram Account Access

Instagram permissions asked by this Application

This Application may ask for some Instagram permissions allowing it to perform actions with the User's Instagram account and to retrieve information, including Personal Data, from it. This service allows this Application to connect with the User's account on the Instagram social network, provided by Facebook Inc. For more information about the following permissions, refer to the [Instagram Help on Privacy Documentation](#) and to the [Instagram privacy policy](#).

The permissions asked are the following:

Basic information

By default, this includes certain User's Data such as id, name, picture, gender, and their locale. Certain connections of the User, such as the Friends via comments, are also available. If the User has made more of their Data public, more information will be available.

Contact email

Access the User's contact email address.

User Timeline Posts Access

Provides access to the posts on a Users's profile.

Youtube Account Access

Youtube permissions asked by this Application

This Application may ask for some Youtube permissions allowing it to perform actions with the User's Youtube account and to retrieve information, including Personal Data, from it. This service allows this Application to connect with the User's account on the Youtube social network, provided by Alphabet Inc. For more information about the following permissions, refer to the [Google Help on Permissions](#) and to the [Google's General privacy policy](#).

The permissions asked are the following:

Basic information

By default, this includes certain User's Data such as id, name, picture, gender, and their locale. Certain connections of the User, such as the Friends via comments, are also available. If the User has made more of their Data public, more information will be available.

Contact email

Access the User's contact email address.

User Profile Posts Access

Provides access to the video's on a Users's profile.

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner and Data Controller

DelosseEenheid
The Hague
The Netherlands

Chamber of Commerce : 27277244

Owner contact email: supportdesk@thewebagency.cc

Since the use of third-party Trackers through this Application cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by this Application.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilized by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy statement has been prepared based on provisions of multiple legislations.

This privacy policy relates solely to this Application, if not stated otherwise within this document.

Latest update: March 24, 2024
