This document informs Users about the technologies that help Progeny to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with Progeny.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent, depending on the applicable law. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

Progeny uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information — such as the presence of other Trackers — in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of Progeny and delivery of the Service

Progeny uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

First-party Trackers

Further information about Personal Data

Preference Cookies (Progeny)

Preference Cookies store the User preferences detected on Progeny in the local domain such as, for example, their timezone and region.

Personal Data processed: Trackers.

Third-party Trackers

Traffic optimization and distribution

This type of service allows Progeny to distribute their content using servers located across different countries and to optimize their performance.

Which Personal Data are processed depends on the characteristics and the way these services are implemented. Their function is to filter communications between Progeny and the User's browser.

Considering the widespread distribution of this system, it is difficult to determine the locations to which the contents that may contain Personal Information of the User are transferred.

Cloudflare (Cloudflare Inc.)

Cloudflare is a traffic optimization and distribution service provided by Cloudflare Inc.

The way Cloudflare is integrated means that it filters all the traffic through Progeny, i.e., communication between Progeny and the User's browser, while also allowing analytical data from Progeny to be collected.

Personal Data processed: Trackers.

Place of processing: United States – [Privacy Policy](#).

Collection of privacy-related preferences

This type of service allows Progeny to collect and store Users' preferences related to the collection, use, and processing of their personal information, as requested by the applicable privacy legislation.

iubenda Cookie Solution (iubenda srl)

The iubenda Cookie Solution allows the Owner to collect and store Users' preferences related to the processing of personal information, and in particular to the use of Cookies and other Trackers on Progeny.

Personal Data processed: Trackers.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- _iub_cs-*: 1 year
- usprivacy: 1 year

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on Progeny in a centralized fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Google Tag Manager (Google LLC)

Google Tag Manager is a tag management service provided by Google LLC.

Personal Data processed: Trackers.

Place of processing: United States – [Privacy Policy](#).

Other activities involving the use of Trackers

Experience

Progeny uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of Progeny and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

YouTube video widget (Google LLC)

YouTube is a video content visualization service provided by Google LLC that allows Progeny to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- PREF: 8 months
- VISITOR_INFO1_LIVE: 8 months
- YSC: duration of the session

Google Fonts (Google LLC)

Google Fonts is a typeface visualization service provided by Google LLC that allows Progeny to incorporate content of this kind on its pages.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Measurement

Progeny uses Trackers to measure traffic and analyze User behavior to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Google Analytics (Google LLC)

Google Analytics is a web analysis service provided by Google LLC (“Google”). Google utilizes the Data collected to track and examine the use of Progeny, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- AMP_TOKEN: 1 hour
- _ga: 2 years
- _gac*: 3 months
- _gat: 1 minute
- _gid: 1 day

HubSpot Analytics (HubSpot, Inc.)

HubSpot Analytics is an analytics service provided by HubSpot, Inc.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#) .

Storage duration:

- __hs_gpc_banner_dismiss: 6 months
- __hssc: 30 minutes
- __hssrc: duration of the session
- __hstc: 2 years
- hubspotutk: 2 years
- messagesUtk: 2 years

Webalizer

Webalizer is a web log analysis software, which generates web pages of analysis, from access and usage logs. It is a commonly used web server administration tool. We use Webalizer through our website hosting service provider, SureServer.

Personal Data processed: Trackers; Usage Data.

Place of processing: United States – <https://www.icdsoft.com/en/privacy> – Opt Out by emailing hosting@icdsoft.com.

Category of personal information collected according to the CCPA: internet information

Wordpress Stats (Automattic Inc.)

Wordpress Stats is an analytics service provided by Automattic Inc.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- tk_tc: duration of the session

FullStory (FullStory, Inc.)

FullStory is an analytics and heat mapping service provided by FullStory, Inc.

FullStory maps how frequently Users interact with the different areas of Progeny, allowing the Owner to draw conclusions about their interests and preferences. FullStory further allows for the recording of mapping sessions making them available for later visual playback.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt out](#).

Hotjar Form Analysis & Conversion Funnels (Hotjar Ltd.)

Hotjar is an analytics service provided by Hotjar Ltd.

Hotjar honors generic Do Not Track headers. This means your browser can tell its script not to collect any of your data. This is a setting that is available in all major browsers. Find Hotjar's [opt-out information here](#).

Personal Data processed: Trackers and Usage Data.

Place of processing: Malta – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- `_hjAbsoluteSessionInProgress`: 30 minutes
- `_hjCachedUserAttributes`: duration of the session
- `_hjClosedSurveyInvites`: 1 year
- `_hjDonePolls`: 1 year

- `_hjTLDDTest`: duration of the session
- `_hjUserAttributesHash`: duration of the session
- `_hjViewportId`: duration of the session
- `_hjid`: 1 year

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help Progeny to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Owner contact email: privacy@realmidx.com

Since the use of third-party Trackers through Progeny cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by Progeny.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through Progeny (or third-party services employed in Progeny), which can include: the IP addresses or domain names of the computers utilized by the Users who use Progeny, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using Progeny who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of Progeny. The Data Controller, unless otherwise specified, is the Owner of Progeny.

Progeny (or this Application)

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by Progeny as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy statement has been prepared based on provisions of multiple legislations.

This privacy policy relates solely to Progeny, if not stated otherwise within this document.
