This document informs Users about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Third-party Trackers

Tag Management

This type of service helps the Owner to manage the tags or scripts needed on this Application in a centralised fashion. This results in the Users' Data flowing through these services, potentially resulting in the retention of this Data.

Google Tag Manager (Google LLC)

Google Tag Manager is a tag management service provided by Google LLC.

Personal Data processed: Tracker and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Traffic optimisation and distribution

This type of service allows this Application to distribute their content using servers located across different countries and to optimise their performance.

Which Personal Data are processed depends on the characteristics and the way these services are implemented. Their function is to filter communications between this Application and the User's browser.

Considering the widespread distribution of this system, it is difficult to determine the locations to which the contents that may contain Personal Information of the User are transferred.

Cloudflare (Cloudflare Inc.)

Cloudflare is a traffic optimisation and distribution service provided by Cloudflare Inc.

The way Cloudflare is integrated means that it filters all the traffic through this Application, i.e., communication between this Application and the User's browser, while also allowing analytical data from this Application to be collected.

Personal Data processed: Trackers and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Spam and bots protection

This type of service analyses the traffic of this Application, potentially containing Users' Personal Data, with the purpose of filtering it from unwanted parts of traffic, messages and content that are recognised as spam or protecting it from malicious bots activities.

Google reCAPTCHA (Google Ireland Limited)

Google reCAPTCHA is a SPAM protection service provided by Google Ireland Limited.

The use of reCAPTCHA is subject to the Google [privacy policy](#) and [terms of use](#).

Personal Data processed: answers to questions, clicks, keypress events, motion sensor events, mouse movements, scroll position, touch events, Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#).

- `rc::a`: indefinite
- `rc::b`: duration of the session
- `rc::c`: duration of the session

Other activities involving the use of Trackers

Functionality

This Application uses Trackers to enable basic interactions and functionalities, allowing Users to access selected features of the Service and facilitating the User's communication with the Owner.

Registration and authentication

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services. Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third-party services, for registration or identification purposes. Some of the services listed below may also collect Personal Data for targeting and profiling purposes; to find out more, please refer to the description of each service.

LinkedIn OAuth (LinkedIn Corporation)

LinkedIn OAuth is a registration and authentication service provided by LinkedIn Corporation and is connected to the LinkedIn social network.

Personal Data processed: Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- `JSESSIONID`: duration of the session
- `bcookie`: 1 year
- `bscookie`: 1 year
- `lang`: duration of the session
- `lissc`: 1 year

Experience

This Application uses Trackers to improve the quality of the user experience and enable interactions with external content, networks and platforms.

Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Fonts (Google LLC)

Google Fonts is a typeface visualisation service provided by Google LLC that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Tracker and Usage Data.

Place of processing: United States – [Privacy Policy](#).

YouTube video widget (Google LLC)

YouTube is a video content visualisation service provided by Google LLC that allows this Application to incorporate content of this kind on its pages.

Personal Data processed: Tracker and Usage Data.

Place of processing: United States – [Privacy Policy](#).

Storage duration:

- PREF: 8 months
- VISITOR_INFO1_LIVE: 8 months
- YSC: duration of the session

YouTube Data API

YouTube Data API is a video content visualisation service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, that allows this Application to incorporate functions normally executed on YouTube so that Users can watch, find, and manage YouTube content directly on this Application.

Through this Service, this Application may collect Data directly or indirectly on or from Users' devices, including by making use of Trackers. Users may restrict such access to their Data via the [security settings page](#) provided by Google. Users may ask the Owner for further information about these privacy settings at any time through the contact details provided in this document.

Data collected through the Service may also be used to help third parties deliver interest-based advertising. Users can opt out of third-party interest-based advertising through their device settings or by visiting the [Network Advertising Initiative opt-out page](#).

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt out](#); Ireland – [Privacy Policy](#) – [Opt out](#).

Interaction with data collection platforms and other third parties

This type of service allows Users to interact with data collection platforms or other services directly from the pages of this Application for the purpose of saving and reusing data.

If one of these services is installed, it may collect browsing and Usage Data in the pages where it is installed, even if the Users do not actively use the service.

Hotjar Recruit User Testers (Hotjar Ltd.)

The Hotjar Recruit User Testers widget is a service for interacting with the Hotjar data collection platform provided by Hotjar Ltd.

Hotjar honours generic „Do Not Track” headers. This means the browser can tell its script not to collect any of the User's data. This is a setting that is available in all major browsers. Find Hotjar's [opt-out information here](#).

Measurement

This Application uses Trackers to measure traffic and analyse User behaviour to improve the Service.

Analytics

The services contained in this section enable the Owner to monitor and analyse web traffic and can be used to keep track of User behaviour.

Google Analytics Advertising Reporting Features (Google LLC)

Google Analytics on this Application has Advertising Reporting Features activated, which collects additional information from the DoubleClick cookie (web activity) and from device advertising IDs (app activity). It allows the Owner to analyse specific behaviour and interests Data (traffic Data and Users' ads interaction Data) and, if enabled, demographic Data (information about the age and gender).

Users can opt out of Google's use of cookies by visiting Google's [Ads Settings](#).

Personal Data processed: Tracker, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- IDE: 2 years
- _gcl_*: 3 months
- test_cookie: 15 minutes

Meta Events Manager (Meta Platforms Ireland Limited)

Meta Events Manager is an analytics service provided by Meta Platforms Ireland Limited. By integrating the Meta pixel, Meta Events Manager can give the Owner insights into the traffic and interactions on this Application.

Personal Data processed: Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt out](#).

Storage duration:

- _fbp: 3 months

Google Analytics 4 (Google Ireland Limited)

Google Analytics 4 is a web analysis service provided by Google Ireland Limited (“Google”). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

In Google Analytics 4, IP addresses are used at collection time and then discarded before Data is logged in any data center or server. Users can learn more by consulting [Google’s official documentation](#).

Personal Data processed: browser information, city, device information, number of Users, session statistics, Trackers and Usage Data.

Place of processing: Ireland – [Privacy Policy](#) – [Opt Out](#).

Storage duration:

- _ga: 2 years
- _ga_*: 2 years

Google Analytics (Universal Analytics)

Google Analytics (Universal Analytics) is a web analysis service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, (“Google”). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services. Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

Personal Data processed: Trackers and Usage Data.

Anonymised analytics services

The services contained in this section allow the Owner, through the use of third-party Trackers, to collect and manage analytics in an anonymised form.

Google Analytics (Universal Analytics) with anonymised IP

Google Analytics (Universal Analytics) is a web analysis service provided by Google LLC or by Google Ireland Limited, depending on how the Owner manages the Data processing, (“Google”). Google utilises the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualise and personalise the ads of its own advertising network.

This integration of Google Analytics anonymises your IP address. It works by shortening Users' IP addresses within member states of the European Union or in other contracting states to the Agreement on the European Economic Area. Only in exceptional cases will the complete IP address be sent to a Google server and shortened within the US.

Personal Data processed: Trackers and Usage Data.

Place of processing: United States – [Privacy Policy](#) – [Opt Out](#); Ireland – [Privacy Policy](#) – [Opt Out](#).

Heat mapping and session recording

Heat mapping services are used to display the areas of this Application that Users interact with most frequently. This shows where the points of interest are. These services make it possible to monitor and analyse web traffic and keep track of User behaviour.

Some of these services may record sessions and make them available for later visual playback.

Hotjar Heat Maps & Recordings (Hotjar Ltd.)

Hotjar is a session recording and heat mapping service provided by Hotjar Ltd.

Hotjar honours generic „Do Not Track” headers. This means the browser can tell its script not to collect any of the User's data. This is a setting that is available in all major browsers. Find Hotjar's [opt-out information here](#).

Personal Data processed: Trackers, Usage Data and various types of Data as specified in the privacy policy of the service.

Managing data collection and online surveys

This type of service allows this Application to manage the creation, deployment, administration, distribution and analysis of online forms and surveys in order to collect, save and reuse Data from any responding Users.

The Personal Data collected depend on the information asked and provided by the Users in the corresponding online form.

These services may be integrated with a wide range of third-party services to enable the Owner to take subsequent steps with the Data processed - e.g. managing contacts, sending messages, analytics, advertising and payment processing.

Hotjar surveys (Hotjar Ltd.)

Hotjar surveys is a survey builder and data collection platform provided by Hotjar Ltd.

Hotjar surveys may use cookies to track User behaviour. Users can Opt-Out of Hotjar surveys cookie tracking by visiting this [opt-out page](#).

Hotjar surveys respects the Do Not Track option available in most modern browsers that, if activated, sends a special signal to stop tracking User activity. Users can find more information on how to enable Do Not Track for each supported browser [here](#).

Personal Data processed: country, Data communicated while using the service, geographic position, Trackers, Usage Data and website.

Marketing

This Application uses Trackers to deliver personalised marketing content based on User behaviour and to operate, serve and track ads.

Some of the advertising services used by the Owner adhere to the [IAB Transparency and Consent Framework](#), an initiative that facilitates responsible privacy practises across the digital advertising industry - providing Users with enhanced transparency and control over how their data are used for advertising tracking purposes. Users can customise their advertising preferences at any time by accessing the advertising preferences panel from within the cookie notice or via the relevant link on this Application.

This Application participates in the IAB Europe Transparency & Consent Framework and complies with its Specifications and Policies. This Application uses iubenda (identification number 123) as a Consent Management Platform.

Advertising

This type of service allows User Data to be utilised for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.

Some of the services listed below may use Trackers for identifying Users, behavioural retargeting i.e. displaying ads tailored to the User's interests and behaviour, or to measure ads performance. For more information, please check the privacy policies of the relevant services.

Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, Users may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this document.

Google Ads conversion tracking (Google LLC)

Google Ads conversion tracking is an analytics service provided by Google LLC that connects data from the Google Ads advertising network with actions performed on this Application.

Personal Data processed: Trackers and Usage Data.

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences privacy widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent preferences.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).

How to opt out of interest-based advertising

Notwithstanding the above, Users may follow the instructions provided by [YourOnlineChoices](#) (EU and UK), the [Network Advertising Initiative](#) (US) and the [Digital Advertising Alliance](#) (US), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. Such initiatives allow Users to select their tracking preferences for most of the advertising tools. The Owner thus recommends that Users make use of these resources in addition to the information provided in this document.

The Digital Advertising Alliance offers an application called [AppChoices](#) that helps Users to control interest-based advertising on mobile apps.

Consequences of denying the use of Trackers

Users are free to decide whether or not to allow the use of Trackers. However, please note that Trackers help this Application to provide a better experience and advanced functionalities to Users (in line with the purposes outlined in this document). Therefore, if the User chooses to block the use of Trackers, the Owner may be unable to provide related features.

Since the use of third-party Trackers through this Application cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, Users are kindly requested to consult the privacy policies of the respective third-party services listed in this document.

Given the objective complexity surrounding tracking technologies, Users are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by this Application.

Definitions and legal references

Personal Data (or Data)

Any information that directly, indirectly, or in connection with other information — including a personal identification number — allows for the identification or identifiability of a natural person.

Usage Data

Information collected automatically through this Application (or third-party services employed in this Application), which can include: the IP addresses or domain names of the computers utilised by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilised to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilised by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application who, unless otherwise specified, coincides with the Data Subject.

Data Subject

The natural person to whom the Personal Data refers.

Data Processor (or Processor)

The natural or legal person, public authority, agency or other body which processes Personal Data on behalf of the Controller, as described in this privacy policy.

Data Controller (or Owner)

The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of Personal Data, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The means by which the Personal Data of the User is collected and processed.

Service

The service provided by this Application as described in the relative terms (if available) and on this site/application.

European Union (or EU)

Unless otherwise specified, all references made within this document to the European Union include all current member states to the European Union and the European Economic Area.

Cookie

Cookies are Trackers consisting of small sets of data stored in the User's browser.

Tracker

Tracker indicates any technology - e.g Cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that enables the tracking of Users, for example by accessing or storing information on the User's device.

Legal information

This privacy statement has been prepared based on provisions of multiple legislations.

This privacy policy relates solely to this Application, if not stated otherwise within this document.
